Welcome To Sale 72

Welcome to our last sale for 2010, and once again it is a stunner! Thanks as always to the numerous vendors for providing such an interesting and saleable selection. Those that again were too slow off the mark and missed this sale have already been allocated spaces in the next sale where possible. Please note: the cut off dates for the next sale will most likely be before Christmas, due to the very high demand for inclusions. The next auction, Sale 73, will be held in March 2011, and I will again feature our usual amazing selection of rare Coins and Banknotes.

Some Sale 72 Auction Highlights and more...

One of the key highlights in this sale is the "Finest Known" 1922 1/2 Overdate Threepence, a truly rare and significant offering that has never been publicly sold before. It is rare that a new example of such a rare coin comes onto the market to challenge what is the established hierarchy, so on the rare occasions this happens it is a significant event. Suffice to say that at its estimate, this coin is a serious bargain, and will be sure to attract appropriate interest (see the story at the back for more details on this coin). Another highlight is the 1799 Holey Dollar. Not only is this coin in the top 5% of Holey Dollars grade wise, with lovely strong and clear countermarks, but it also has one of the best pedigrees I have ever seen. Seriously, go and read it all in full under Lot 311, and be impressed, as I certainly was.

The Taylor Patterns are a series that have really come into their own recently, and here we present two rare Copper issues, a Sixpence and a Shilling. This is an issue with a great historical back story that has been steadily rising in price as recognition for them grows. These lots then make ideal starting points for someone wanting to get into this series, as well as great standalone investment pieces. Other coins of note include a Rare Type 7 Kookaburra Penny 1920. This is the type coin for anyone wanting to make a date set (an ideal way to go in this now quite expensive series), as the Type 8, 9 and 10 are rarely offered, with only a handful of each in existence. Finally, we again have on offer an 1887S Gold 2 Pound piece. This example (whilst not quite as good as the one sold in Sale 70), is offered at around half of that coins price. This represents great buying for a coin of this rarity as this coin is the second finest of only four known, and this coin has also not been sighted in the market for over 25 years. The coin selection also includes part two of the "One Tonne" collection, which has everything from bulk and mint issues to Gem UNC Pre Decimal and Key Date coins in it, such as a choice 1925 Penny. Along with this is some superior grade Pre Decimal Proof coins, and a selection of Numismatic and Bullion Gold, GB, World, Proclamation and Ancient coins, and much more.

Banknotes of note include a note that is seldom offered on the market in any grade. The ES&A Emergency 1 Pound Superscribed 1914 is a special issue produced during WW I as Emergency currency, and is the only pre Federation issue included in the Pre Decimal series. This note has great eye appeal, and is one of the finest of this rare issue known. One of the most attractive notes I have seen is also on offer in this sale. The 10 Pound design is always one that has been admired, and the notes of the "square" series have lovely colour, especially when they are in the superb grade as this note is. Large issue notes in high grade are a rare thing, and are always

in strong demand from those looking to upgrade, or for a premium "Type" note. Given this note catalogues at \$265,000, at the current estimate or less it would prove keen buying, given its attractiveness and rarity. There are also several George V notes in UNC which I would recommend looking at closely, as these issues just aren't turning up in high grade any more, and are seldom offered now, along with some bargain Specimen notes, and some rare Pre Federation issues.

Other Points Of Interest- The biggest recent news is that the proposed changes to Superannuation in the "Cooper Report" that appeared to be set to impact on our market, have been rescinded. The Labor Party, in a recent media release stated "A re-elected Gillard Labor Government will ensure that from 1 July 2011 collectables and personal use assets owned by self managed superannuation funds (SMSFs) must be stored according to new rules to prevent them from giving rise to a personal benefit. SMSFs can continue to invest in personal use and collectable assets provided they are held according to these new legislative standards that will ensure the assets do not give rise to a personal benefit and are held for the purposes of providing retirement benefits. Existing assets that cannot meet these rules must be sold within five years." This is great news for our industry, and means that those who use their Superfund's to invest in coins and banknotes can continue to do so.

We know also that the Liberal position on Super in the past has always been very positive, and they have again reinforced this position to us, so this is great news all around. Thanks must go to the ANDA Committee for its unrelenting activity in pursuing this to its happy conclusion. Special thanks too must go to Mr. Rob Jackman for all his hard work and his devotion to this cause, which will have the end result of bettering our industry, to the benefit of every person both collector and dealer, involved in it. Every sign now points to this being a great time to buy, with prices sure to increase in many areas in the immediate future as we finally shrug off the malaise of recent economic events. This Sale provides many great opportunities for the smart buyer, so please don't hesitate to contact me if you wish to discuss anything further, or require any further details on any lots. Happy collecting to all!

Please Note: We will be accepting items for the next auction, Sale 73 (to be held in March 2011), from now until late December 2010 or until we are full. Please contact us Now about any consignments you have that you wish to include in our next sale to ensure that you don't miss out.

Important Auction Information:

Viewing & Auction: Sofitel Gold Coast (81 Surf Parade Broadbeach) - Sorrento Room (Level 3), on the day of Sale, Sunday 5th September 2010 from 12pm - 3pm. The Auction will then commence at 3pm. We estimate that this sale will take approximately 3 hours to complete. There will also be limited viewing for interstate clients only on Friday 3rd September, strictly by appointment, in our offices from 9-5pm. The Oasis Shopping Centre (next door to the Sofitel Hotel, right in the heart of Broadbeach) has plenty of Car Parking for those wishing to attend the Auction. Viewing in person is highly recommended, especially on many of the lots without photographs and on the unreserved end lots.

Interstate Viewing: There will be no additional interstate viewing this sale due to the prior viewing held at the ANDA Sydney fair in August. Please call our office if you have any further enquiries on (07) 55 380300.

Payment: All amounts are in Australian Dollars. Credit Cards (accepted with signature & full address details): MasterCard, Visa & AMEX only. A Surcharge of 3% will also be applied to all AMEX card charges only.

Buyers Premium: A 16.5% total Buyers Premium will be added on to the knock-down price of all lots. Additional credit card charges will be waived with any payments made with either Visa or MasterCard.

Postal Bidders: Will be advised of successful bids, and items will be dispatched only upon receipt of payment in full. Unsuccessful postal bidders will be notified, and will receive an auction prices realised. All postal bidders please note bids must be received no later than Saturday midday 4th of September 2010 please, although Friday is preferable. Please keep in mind that the earliest received bid will always get preference in the case of their being 2 or more identical high bids being registered.

Postage and Insurance: We have simplified all postage and packaging charges now. All postage will be charged at \$5 per 500 grams for registered mail, or at our cost price. Smaller lots under \$200 will be sent normal mail unless otherwise specified, and at no charge. Items over \$200 will not be insured at all unless it is requested. Insurance is charged at \$1 per \$100 upon request. This fee schedule is in line with all major auction houses, although we have reduced our rates charged by 50% to help recover some of the very large insurance costs we now have to bear.

Credit Cards: Successful buyer's lots will be processed and dispatched for existing clients upon clearance of all funds. At our discretion we reserve the right to hold new clients lots who pay by credit card for up to 30 days. All postal bid payments are to be completely finalised within 14 days of sale please. For any more information please contact us during business hours at our office on: (07) 55 380 300. Alternatively you can email us at: iagmail@optusnet.com.au

Direct Bank Payments/Postage: Please advise us if you are paying by electronic transfer, to ensure that your payments get processed effectively. Make sure to include your name and invoice number in your payment. Please note that items won't usually be dispatched before three days after cleared payment has been confirmed. Where possible, items will be posted on a Monday or Tuesday.

161 **One Pound 1914 E.S. and A Bank Emergency Issue. Superscribed Collins-Allen (R 19). A stunning note that is seldom ever offered, with the last publicly offered example being sold by us in Sale 64, 2006 as an inferior gF/aVF repaired note for \$73,025. A full, original note with great paper and colour and superb eye appeal. This note was produced in limited quantities during WW I as demand for currency outstripped what could be produced. This note is also the current plate note in the Greg McDonald pocket guide. A superb rarity of great importance, and the only Pre Federation note to be included in the official Pre Decimal series. One of the finest, if not the equal finest of the 18 examples known. Extremely rare. VF**

311 Holey Dollar 5 Shillings 1813 NSW. Struck on Mexico 8 Reales 1799FM Charles IIII. (Mira 1799/7). Host coin a pleasant gVF, with a strong EF counterstamp. This coin has probably the best provenance of any Holey Dollar we have ever sold, which is almost a story in itself. Ex A Thellusson Collection, Sotheby's October 1931 (lot 403). Ex C.C Browne Collection, Sotheby's March 1935 (lot 564). Ex Major A. Foster collection, Glendinings October 1953 (lot 22). Ex G.E. Hearn Collection, Ex K. Frost Collection, Sold Max Stern & Co. November 1976 (lot 226). Ex Roy Brook Collection, P.J Downies September 1978 (lot 351), and Spink Australia Sale 24, March 1988 (lot 1041), and Ex P.F. Worth collection. A significant coin of impeccable provenance. Very Rare. *gVF/EF*

312 Taylor Pattern Sixpence Port Phillip Kangaroo Office. Struck in copper circa 1860. Plain edge type. An attractive even deep chocolate brown colour. Ex Spink Sale 26 lot 784 November 1988. (A 797 var, R 563). Very rare. *UNC*

\$42000-44000

313 Taylor Pattern Shilling Port Phillip Kangaroo Office. Struck in copper circa 1860. Plain edge type. Attractive mint red and brown. Ex Spink Sale 26 lot 783 November 1988. (A 794, R 562d). Very rare. *UNC*

\$43000-44000

314 Two Pound Gold Proof 1887S. Second die type. Brilliant frosted mirror finish with traces of light surface marks. Overall, not as good as the finest known example we sold in Sale 70, but the next best of 4 examples known, and clearly a superior coin to the other 2 lesser grade coins, and with good eye appeal. Originally discovered in Greece, and sold by Mr Barrie Winsor in the late 1980's. Extremely rare. *aFDC*

\$80000-85000

315 Kookaburra Penny 1919 Type 7. Lovely light old tone and mint bloom, an attractive example. An underrated type, and far rarer than the Type 3 or Type 6, with only a handful of examples known, with this coin the Type coin for the rare 1920 date issue. Very rare. *FDC*

\$100000-110000

316 Threepence 1922/1 Overdate. A truly amazing coin, as this is a new find to the market. Originally discovered in an old time English collection, this is a stunning coin to say the least, in that it is the only known example with both the 7th and 8th pearls visible. In March 2009 we sold what was believed to be the finest known Overdate Threepence in private hands (Ex the C. Jaggard collection). That coin was knocked down for \$108,345 in total. Whilst that coin possessed a Reverse nearly as good as this coin, the Obverse had a “flat” spot on the 7/8th pearls (as usual), and was graded aEF/gEF. This example has been checked and verified by a number of Australia’s leading experts, and when examined by Mr Barrie Winsor, he exclaimed that he thought it was “Better than the coin in the Museum of Victoria’s collection!” Possessing subtle old soft toning, and virtually blemish free, this amazing coin is clearly the finest known. Superb. *aUNC*

Thank You For Your Participation

Room bidders please wait to collect lots until after the sale has finished. We will endeavor to get you underway as quickly as possible. Postal bidders please allow us until Tuesday the 7th to sort and finalise all postal sales and publish prices realised.

Prices Realised will be posted on the website by Tuesday 7th of September, once the large number of postal bids has been fully finalised. All auction catalogue subscribers will have the prices realised posted on the 7th, and should receive them later in the week. Passed in lots will be available for sale until Friday 10th September. Remaining unsold lots after this date will then be withdrawn from sale.

Next auction, Sale 73, will be held in March 2011. We will be accepting limited consignment lots for Sale 73 up to late December, or until the sale is full. Please contact us from November on to discuss selling your collection in a confidential way with us. Remember we charge No Sellers Commissions or Fees to all vendors who consign in our auctions.

For any more information please call our office on:

Notes

Terms And Conditions of Sale

Please read the following "Terms of Sale" carefully. These terms are applicable to all floor bidders and mail bidders in this auction. Your submission of bids in this Auction constitutes your acceptance of these "Terms of Sale".

1. This is a public auction sale, NOT an approval sale. At the fall of the gavel or auctioneer's call of "Sold", all sales are final. By bidding in this auction, the bidder personally guarantees all payments. The auctioneer has final discretion in all matters. In case of dispute, the lot(s) in question may be resold. Lots will be sold in their numerical sequence unless the auctioneer directs otherwise.

2. Payments must be made in full and lots must be removed the day of the sale or by 5p.m. the next day. Absolutely No lots will be released until payment in full has been made. Payment may be made in Cash, by Personal Cheques (with proper identification, at their discretion of International Auction Galleries), or by Bank Transfer or Major Credit Cards as stipulated. Successful postal bidders will be notified by mail via an auction receipt.

3. A 16.5% buyer's premium will be added to the knock down price of each lot (includes GST). **All Credit Card payments by Amex will incur a 3% surcharge.**

4. Unless otherwise specifically stated by the auctioneer, each new bid shall be raised above the previous bid by such amount as is determined by the auctioneer during the course of the auction, and no party shall be allowed to retract his or her bid after acknowledgment by the auctioneer.

5. The auctioneer reserves the right to refuse any bid and to withdraw any goods from sale at any time, or to disclose any reserves or vendor information, without having to state any reason.

6. At the fall of the hammer, (if required by the Auctioneer), the purchaser shall give his or her full name and address, and pay 25% of the purchase price deposit. In default, the lot(s) purchased may, at the auctioneer's discretion, immediately be reoffered and resold. All lots sold will remain the property of the owner/vendor until cleared payment is made in full. Only then will the title of ownership of the lots pass to the purchaser, irrespective of any terms or deferment of payment due.

7. Except as otherwise provided by state or federal law, no condition or warranty is given or implied by the auctioneer in respect of any lot offered. As all lots are given for inspection prior to the commencement of the sale, it shall be presumed that the goods have been inspected and that the purchaser accepts the goods bought with all faults, if any, as described. All lots are guaranteed genuine, except where so described; however if a lot sold is found to be a deliberate fake or forgery, the purchaser may return it, and receive upon confirmation of the same, a full refund.

8. The auctioneer shall not be liable for any description or mis-description given to the goods for sale. Any state-

ment as to the quantity of goods is approximate only and is as represented to the auctioneer. The auctioneer gives no warranty that the quantities as stated are correct.

9. If any purchaser fails to comply with any of these conditions or if any cheque given on account of the purchase price of any goods is dishonored, any monies which the purchaser has paid to the auctioneer on account of the purchase shall be forfeited absolutely to the vendor. The vendor or the auctioneer is at liberty to re-sell the lot in any manner and upon such terms and conditions as they may deem proper and to sue the purchaser for damages. All losses and expenses incurred by the vendor or the auctioneer and all damages which the vendor or the auctioneer may sustain resulting from any re-sale, shall be recovered from the purchaser as liquidated damages. Without limiting the generality of the foregoing the auctioneer in the event of such resale is entitled to:

a) The amount of any commission lost as a result of the purchaser not proceeding with the purchase

b) The cost of advertising and other general expenses in respect to any such re-sale.

c) Any difference in price from the initial sale to the price received in the re sale of the items(s).

A service charge of 2% per month (Or part thereof) will be added to all overdue accounts (30 days after the date of Auction is then deemed to be in the overdue period for unpaid accounts).

10. Estimates are given only as a guide, and not given as starting points for bidding: lots may sell for a price greater than or less than these estimates. Bidding will start at an increment above the lowest postal bid received, or at the Auctioneers sole discretion. All prices are in Australian Dollars.

11. No lots purchased by a floor bidder may be returned, including those lots where the bidder is acting as agent for another, or to mail bidders who have examined the lot(s). These are no returns or refunds except for reason of lack of authenticity or genuine mistake. Late remittance constitutes just cause for revocation of all return privileges.

In the event that a bidder is acting as an agent for Another, and that agency has not been disclosed to the auctioneer in writing 24 hours before the Sale date, then the bidder is deemed by the auctioneer to be the final buyer in all respects, and is fully responsible for all payments, fees and charges.

In no event may any lot(s) be returned after (21) days from the date of the auction. All sales are then final.

Finest Known 1922/1 Threepence to be offered in IAG's Next Sale!

INTERNATIONAL Auction Galleries next auction - Sale No.72 - to be held on September the 5th 2010, has some special highlights, but it is a brand new find that has been stirring up significant interest!

This new find was apparently discovered in an old English collection that was sold in 1980, which remained in the UK until an ardent local collector got wind of it. Being an extremely interested and avid collector of overdates and varieties, he decided to fly over to see the coin for himself, and ended up purchasing it several years ago. Rumours have abounded for several years about a superior unrecorded Overdate Threepence, but had no substance until this coin was brought to light.

IAG originally sold what was believed to be the finest known 1922/1 Overdate in private hands (the Ex C Jaggard coin) in January 2002, where it had resurfaced after being unseen for many years. That coin was again sold by IAG in March 2009, this time realising the current record price of \$108,345. Originally graded as aEF/gEF, this previously finest known coin is a significant step down in grade from this new find, which has been graded as aUNC. Of particular note in this new coin is that it is the only known example to have both the 7th and 8th pearls in the band visible. Apparently, not even the example in the Museum of Victoria's collection has this, so this may well be the single finest known 1922/1 Overdate in existence.

"This is the most exciting coin I have seen in a while" Mr Paul Hannaford, IAG's auction co-ordinator stated. "It is great when we offer something that is extremely rare for sale, but when something new comes along that completely changes the whole way we view a certain coin, then that is priceless." This coin possesses lovely soft old toning, and is wonderfully struck, with every detail clear, including traces of the bottom of the "One", a characteristic seldom seen, and only found on the highest grade examples. This exciting highlight has already attracted significant interest, and its estimate of \$150,000 may well prove to be conservative. As with anything that is both extremely rare and the finest known, when offered at auction, it is ultimately up to those on the floor to decide.

Catalogues for Sale 71 will be available in mid August, and can also be downloaded then from IAG's website at www.iagauctions.com along with other relevant auction information, or contact IAG direct on Phone (07) 55 380 300 - Fax (07) 55 387 296 for a yearly catalogue subscription or any other further confidential information.
