Welcome To Sale 77

Welcome to our first live Auction for 2013! As you would all be aware, we have only just finished our second live Online only Postal Bid sale. This has proven once again to be a great success and we envisage it will become a growing part of our Auction schedule! Our live sales are now also moving more online, with the ability to view and bid online, and to also see (up until close at 6pm AEDST Saturday the 23rd) exactly where the current bids are. This gives our postal bidders even more information in regards to bidding and prices, and moves us one step closer to going fully live online!

All non Online (phone/fax/post) postal bidders please note that bids will not be accepted after 6pm AEDST Friday 22nd for manual entry. This is another good reason for bidders to move over to the online system, which will be open until 6pm AEDST on the Saturday, and will soon include automated accounts and an online portal to pay auction accounts.

Once again in this sale we have several estates with a number of lots with low estimates/reserves that need to be cleared. Essentially though this auction is 99% new and fresh material, and is loaded with bargains galore with something for every buyer and level of collector. We are planning another Online Postal sale in the middle of the year, and our next Live sale (Sale 78) will be in September/October 2013. Submissions for this sale will be limited as we already have several large collections ready to catalogue, so don't hesitate if you wish to submit items for any of our upcoming sales.

Some Sale 77 Auction Highlights and more...

Wow, where do I start? One of my personal highlights is the G.P.N. Watt collection of Specimen Notes (Watt was the Secretary to the Treasurer, and co signatory of our Banknote series in 1949). I like these not only for their amazing provenance, fascinating back story and rarity, but also their significance as one of the most important Numismatic items to have turned up in many a long year. I love the fact that they come in their own presentation album with personalized gold embossing. I love the fact that they all have low numbered matching serials (number 000 004). I also love the fact that they have the matched Type I set with them, along with all the associated paperwork, citations, medals and other personal effects that add to this important collection. This is simply one of the most exciting and significant items we have presented in a long time. They are priced extremely conservatively and way under catalogue, and would make for a fantastic investment item for someone to tuck away. A true highlight item in every respect.

The unique 1000 Pound 1924 issued Specimen is another amazing piece of Australian numismatic history. As we are just going to press, I have just amended my original notes on this item to indicate that this has been sold by private treaty to one of Australia's foremost Banknote collectors, who is working towards making what may well be perhaps the only known complete collection! It remains in the catalogue now for the sake of posterity only.

The equal finest known 1916 Mule Halfpenny is the highlight of a superb offering of Commonwealth coinage. Struck with an Indian Quarter Anna Obverse, this elusive and interesting issue is in gVF condition, and is estimated at \$130,000. A rare and seldom offered Type 5 Kookaburra Penny is another highlight, and estimated at \$48,000. A superb collection of high grade Copper and Silver includes a number of superb Proof issues including a lovely 1937 Crown, an UNC 1925 Penny with mint red estimated at \$15,000, and a GEM 1946 Penny- one of the finest examples known- is estimated at \$8,500. These are just a few of the many Coin highlights.

A 10 Shillings 1913 (R 1c) is the "poster child" banknote for the 100 years Anniversary of our Pre Decimal banknote currency in 2013. This example is in attractive VF condition, and is estimated at \$50,000. This note is only one of the highlights in a strong offering of Pre Decimal and Pre Federation Banknotes. Other highlights include an UNC 10 Shillings Kell-Heathershaw (R 6), a very rare note in this condition, estimated at \$70,000, a 10 Shillings 1932 Thick signature gEF/aUNC estimated at \$60,000, a gEF 10 Shillings 1914 Collins-Allen (R2e) estimated at \$35,000, and an UNC Kell-Collins (R 5) estimated at \$35,000. An old time collection of Pre Federation Notes from a retiring collector comprising black and white specimens is being sold at extremely competitive prices, with many on offer at 10% of their current catalogue values, with prices starting from only a few thousand dollars for some very rare notes indeed that catalogue at up to 10 times the reserves.

An amazing Million Serial Numbered trio comprising a Ten Shillings, 1 Pound and 5 Pound, all in UNC condition, and each with their original bundle labels is being sold as one lot. Estimated at \$55,000, this is a highly desirable and rare item. There is a superb collection of British coins, of which the highlight is a very rare Crown 1697 in aUNC, estimated at \$20,000. A stunning selection of Misprinted Banknotes and Mistruck coins are further highlights sure to excite. There is also a strong offering of Numismatic and Bullion Gold, along with the usual World and Proclamation Coins, mint products and numerous unreserved and interesting bulk lots.

Superior Australian Pre Decimal Banknotes

148 Ten Shillings. 1913 Collins-Allen (R 1c). Red serial number type. An attractive example of this rare issue. Good colour with strong paper and a couple of old folds but otherwise a no problems superior example. 2013 celebrates the 100 year anniversary of this, the first Australian Banknote issued, and this note would make a great type example for anyone looking to fill this spot in their collection with the sort of attractive mid grade note that doesn't appear on the market very often. G.P.N. Watt Biography:

George Percival Norman Watt (1890-1983) held a number of highly significant and varied positions of note in the public and private sector over a long period of time. From 1905 -1911 he was a clerk in the Victorian Railways and then became Secretary to the Treasurer of the State. In 1911 he then moved to the Navy Finance and Accounts Branch, and was denied permission to enlist as his services were deemed required. In 1923 he obtained a transfer to Sydney as Civil Secretary of Naval Establishments where he remained until 1928. From 1928 -1941 he was involved in Commonwealth Public Service Arbitration, and then when war broke out he moved on to the Defence Division of Treasury.

The period from 1945-1951 was Watt's "Treasury" period, and with a move to Canberra he became Deputy Secretary to the Treasurer, and then not long after, Secretary to the Treasurer. His signature is of course as such to be found on the official currency issues of this time (1949) in the denominations released for circulation from Ten Shillings to Ten Pounds.

With the defeat of the Chifley Government in 1949 Watt then moved out of public service to eventually take up a position of Chairman of TAA (Trans Australian Airlines) with which he had a prior involvement in the beginnings of the Airlines Commissions in 1946 (he was also its Chairman). He was also later associated with Volkswagen and Yorkshire Life, was the first Chairman of Glanville Holland, and then was involved with Qantas in its post war development before retirement.

G.P.N. Watt (throughout his life he preferred being called Norman or Norm) was awarded a Companion of the Most Distinguished Order of St. Michael and St. George (CMG) in 1951, and an ordinary Commander of the Civil Division of the Most Excellent Order of the British Empire (CBE) in 1957. (Note – the above information has been drawn from Watt's own autobiography, which is included in this sale along with his citations).

I have lived and I have loved;
I have waked and I have slept;
I have sung and I have played;
I have won but little treasure;
I have had considerable pleasure,
And of all these things, some things,
were emptiness and pain.
But love - it was the best of them
And sleep - worth all the rest of them.

199 Set of 4 Specimen Presentation notes 1949 Coombs-Watt in original blue presentation album as presented to G.P.N Watt. Comprises the four Pre Decimal Issue notes issued in 1949 - Ten Shillings, One Pound, Five Pound and Ten Pound and co-signed by G.P.N. Watt, Secretary to the Treasurer, and G. Coombs, Governor of the Commonwealth Bank. The notes have been carefully mounted (without adhesive) for preservation in a specially gold embossed presentation album with 'Specimen Australian Notes' and 'G.P.N.Watt, Esq.' and the Commonwealth Bank insignia on the front.

Other related material also included is Watt's citations - he was awarded a Companion of the Most Distinguished Order of St. Michael and St. George (CMG) in 1951, and an ordinary Commander of the Civil Division of the Most Excellent Order of the British Empire (CBE) in 1957. These include the original Medals in boxes of issue as presented, and a copy of his autobiography 'G.P.N. Watt and his Forebears'. A highly important offering, and possibly the most significant officially presented set offered here for the first time by the family of G.P.N. Watt. UNC

Watt as a way to describe the story and production of the new currency, and also includes two presentation letters from the Reserve Bank signed by A.C. McPherson (one for the 1966 issues, and one for the later \$5). Misprinted Australian Banknotes

Five Dollar

326 1993 Polymer. Tape inclusion. An amazing error, originally sold by us back in 1995. 337 Halfpenny 1916 Mule. Extremely rare variety, struck from a hybrid of dies of an Australian 1916 Halfpenny Reverse and an Indian Quarter Anna Obverse. These coins were struck after the outbreak of WWI, when the Royal Mint decided to delegate a portion of Australia's copper and silver coinage to be minted in Calcutta to foil German plans to intercept deliveries of coinage from Britain to Australia. This rare coin is believed to be one of only 8-10 genuine examples known, with this highly important coin considered to be the equal finest known. A problem free and superior example of this rare and desirable coin, and an opportunity to procure a very rare and enigmatic item which is considered by many to be the rarest of the Australian Commonwealth series. *gVF*

Terms And Conditions of Sale

Please read the following "Terms of Sale" carefully. These terms are applicable to all floor bidders and mail bidders in this auction. Your submission of bids in this Auction constitutes your acceptance of these "Terms of Sale".

1. This is a public auction sale, NOT an approval sale. At the fall of the gavel or auctioneer's call of "Sold", all sales are then final, and any bid acknowledged and relied on by the auctioneer shall not be withdrawn. Bidding in this auction in any way confirms that the bidder personally guarantees all payments, and acknowledges and accepts the Terms and Conditions of sale as set out herein. The auctioneer has final discretion in all such matters. In case of a dispute, the lot(s) in question may be immediately resold. The auctioneer as represented here includes International Auction Galleries as an entity.

2. Payments must be made in full and all floor bidder purchases must be removed the day of the sale, or by 5p.m. the next day. Absolutely No lots will be released until payment in full has been made. Payment may be made in Cash, by Personal Cheques (with proper identification, at the discretion of International Auction Galleries), or by Bank Transfer or Major Credit Cards as stipulated. Successful postal bidders will be notified by mail via an auction receipt. All postal bidder accounts must be fully finalised within 14 days of the sale date.

3. A 16.5% buyer's premium will be added to the knock down price of each lot (includes GST where applicable). **All payments by American Express will incur a 3% surcharge.**

4. Unless otherwise specifically stated by the auctioneer, each new bid shall be raised above the previous bid by such amount as is determined by the auctioneer during the course of the auction, and no party shall be allowed to retract his or her bid after acknowledgment by the auctioneer.

5. The auctioneer reserves the right to refuse any bid and to withdraw any goods from sale at any time, or to disclose any reserves or vendor information, without having to state any reason.

6. At the fall of the hammer, (if required by the Auctioneer), the purchaser shall give his or her full name and address, and pay 25% of the purchase price deposit. In default, the lot(s) purchased may, at the auctioneer's discretion, immediately be reoffered and resold. All lots sold will remain the property of the owner/vendor until cleared payment is made in full. Only then will the title of ownership of the lots pass to the purchaser, irrespective of any terms or deferment of payment.

7. Except as otherwise provided by state or federal law, no condition or warranty is given or implied by the auctioneer in respect of any lot offered for sale via auction. As all lots are given for inspection prior to the commencement of the sale, it shall be presumed that the goods have been inspected and that the purchaser accepts the goods are sold with all faults. No error or mis-description of any lot shall give cause for an invalidation of sale or an abatement of price, and the auctioneer shall not be held responsible for any such error. All lots are guaranteed genuine (except where so described), however if a lot sold is found to be a fake or forgery, the purchaser may then return it, and receive, upon proven confirmation to the auctioneers satisfaction, a full refund.

8. The auctioneer shall not be liable for any description or mis-description given on any of the goods presented here for sale in any way. Any statement as to the description of goods is given as a statement of opinion only as represented to the auctioneer, and is not to be relied on as a representation of fact. Whilst every effort is made, the auctioneer gives no warranty that the quantities or any grading given with respect to the description of any lot as stated is correct.

All images used are given as a guide only, and are not guaranteed to be an accurate representation.

9. No lots purchased by a bidder may be returned, including those lots where the bidder is acting as agent for another. There are no returns or refunds except for reason of lack of authenticity (as is stated in clause 7 and 8 above detailing liability). It is assumed that all intending bidders (including all postal and internet bidders) have obtained their own satisfaction and/or done due diligence on all lots before submitting any bids in any way. All bids submitted are thus then subject to the full terms and conditions. The auctioneer accepts no responsibility for any mistakes in any postal or phone bidding conducted. Late remittance of payments constitutes just cause for revocation of all return privileges. In the event that a bidder is acting as an agent for another party, and that agency has not been disclosed to the auctioneer in writing 24 hours before the sale date, then the bidder is deemed by the auctioneer to be the final buyer in all respects, and is fully responsible for all payments, fees and charges. **In no event may any lot(s) be returned after Twenty One (21) days from the date of the auction. All sales are then final.**

10. If any purchaser fails to comply with any of conditions of sale as outlined here or if any monies paid in any way given on settlement of account for any goods is dishonoured or unfulfilled, then any monies which the purchaser has paid to the auctioneer on account of the purchase shall then be forfeited absolutely to the vendor. The auctioneer acting as agent for the vendor is at liberty to re-sell the lot(s) in any manner and upon such terms and conditions as they may deem proper and/or to then sue the purchaser for any loss or resulting damages as set out below. Damages include all losses and expenses incurred by the vendor or the auctioneer as well as all damages which the vendor or the auctioneer may sustain resulting from any re-sale and storage, which shall then be recovered from the purchaser as liquidated damages. The auctioneer (acting on behalf of the vendor) in the event of such resale is entitled to:

a) The total amount of any and all commissions and/or buyers premiums applicable or any other fees and commissions lost as a result of the purchaser defaulting on the purchase.

b) The full cost of advertising and all other expenses related to re-sale as deemed necessary, including any storage costs and insurance charges.

c) Any differential in price from the initial sale price to the price achieved in re sale of the items(s).

11. A service charge of 2% compound per month (or part thereof) will be added to overdue accounts (30 days after the date of Auction is the overdue period for all unpaid accounts).

In any event the title of any lots sold will not pass to the purchaser until the full amount of the purchasers auction account has been fully paid and remitted to the vendor, including any other service charges, storage or any other fees resulting from any late payments.

12. Estimates are given only as a guide, and not given as starting points for bidding: Lots may sell for a price greater than or less than these estimates. Bidding will start at an increment above the lowest postal bid received, or at the Auctioneers sole discretion. All prices are in Australian Dollars.
