Welcome To Sale 78

Welcome to our first Auction as Official Auctioneers for the ANDA International Coin and Banknote Show. So, what does this all mean? Well, having been appointed as the Official Auction for this first ever, highly prestigious show means we are attempting to bring even more of what we do best to what will be Australia's largest and most important ever "International Numismatic" event. A huge three day fair with exhibitors from all over the world with numerous issuing Mint authorities including the Royal Australian Mint, Perth Mint and Australia Post highlights just how significant an event this will be! We urge all of our clients to come along and experience this ground breaking event for themselves. See you all at the Fair!

Please Note: This Auction will be held as TWO separate parts. Lots 1 to 337 inclusive is Session One. This Session is only for Postal and Online bidding, and will close off fully at 6pm AEDST on Saturday the 19th. Viewing for all these lots will be available at the ANDA Fair, as will the ability to submit bids up until the closing time. Session Two will be the "Live Auction" only portion of the sale. This will include all Postal and Online bids for this section (which closes off at 6pm AEDST when Session One also concludes). All Postal and Online bids will then be taken into the "Live" Auction, which starts at 7.30pm. Room bidders will be able to see where the current Postal Bids stand (but not final bids, which are only known to me), and can use this if they wish as a guide to bidding in the Live sale.

A quick note on Estimates and Reserves. Many new bidders get confused between our "Live" sales and the "Postal only" sales, and how they work. Estimates in this auction are what we think the items will bring at auction, and reserves are set from 60% to 90% of estimate, as a general rule. The Postal Sale estimates are based more on retail value, and often have lower reserves as such compared to the estimates.

This Sale presents some unique offerings due to various vendors and their situations. We have a number of Estates that need to be cleared, several old collections looking to be sold, and an old client who has purchased mainly from us over the last 5 years being forced to liquidate his numismatic holdings due to other financial reasons. The end result is a sale with some interesting dynamics as regards to reserves and pricing. Suffice to say, I think this fantastic sale will also provide some of the best purchasing opportunities we have seen in a long, long time. Don't be one who sits back and waits for the next sale only to later realize what you have missed out on, as this sort of opportunity might not come around again!

Some Sale 78 Auction Highlights and more...

A brief selection of just some of the amazing highlights gives an idea of just how special this Auction will be. The equal finest known 1937 Penny, the only known double sided 1937 Threepence, a superb grade Holey Dollar and Dump 1813, possibly the finest known Rainbow Pound, three Rare Taylor Pattern pieces, a Kookaburra Halfpenny and Two Pennies. Also, there is a 20 Pound 1918, a Speciman 10 Shillings 1933, a number of rare Predecimal Proof coins, numerous Specimen notes including a TAA set and Type I set, an UNC 1923 Halfpenny, 1925 Penny and two 1932 Florins, along with multiple Dumps and three Adelaide Pounds, Rare Gold, Issued and Specimen Pre Federation Banknotes, Internment Camp Coins and Banknotes are only the beginning of the superb lots on offer.

The 1937 Penny is of course an iconic coin, and one of our absolute true rarities. With only a handful in private hands, this superior example is sure to excite, and at one public showing two prospective buyers were noted engaging in some friendly "banter" as to who was going to take it home. Likewise, the only known 1937 double sided Threepence. Found in circulation in 1966 by a Tasmanian family, it comes with a Royal Mint letter certifying authenticity, and presents a unique opportunity for someone to complete the only known full Pre Decimal set of coins.

2013 is the Bicentenary of the 1813 Holey Dollar and Dump, and lovers of this historically significant and exciting coin are presented with a lovely example of both coins, and an ideal opportunity to add them at a fortuitous time. The Holey Dol-

lar in particular is one of the nicest examples seen in recent years, and with great provenance to boot. The sheer depth and range of Coins on offer here in this sale comprise some of the nicest examples across the board we have offered.

History buffs and those enamored with Gallipoli will also love the rare Rainbow Pound 1914 on offer. A new find with crisp, strong paper, this note was removed from the frame by the family of Herbert Pearson Bateman, born in Fremantle in 1884, and who inscribed on the back that he had received it in pay just before he was shipped off overseas for service abroad. Not only is this note extremely rare due to its historical significance, but also because of its extraordinary grade for this issue, considered by many as the most attractive of all our Banknotes.

Other Banknote highlights include a TAA Type 3 Specimen set, and a Type I Specimen set presented to G.P.N. Watt (signatory in 1949 as), as well as a large selection of Rare Pre Federation Issued, Specimen and Proof Notes with many priced at never to be repeated prices. In all there are over 300 lots of Banknotes, with numerous rarities throughout including two Rainbow Pounds, three "Square" 10 Pounds, an ES&A Emergency issue, a "No Mosaic" 5 Pound 1914, three 1942 Armitage-McFarlane 10/- Starnotes including a consecutive pair and a rare 5 Pound 1960 in UNC as just some of the amazing and key highlights.

Happy Collecting to all!

HMAT Ascianus bound for Gallipoli, June 28th 1915.

399 1914 Collins-Allen (R 20b). Emergency issue "Rainbow Pound", No. missing type. One of the finest known Rainbow Pounds, from the first pay packet of W.A. soldier Herbert Pearson Bateman, and sent to his mother before he left to fight in Gallipoli and France. Herbert was killed just over 12 months later in the Battle for Pozieres, an area described by Australia's official war historian as "...more densely sown with Australian sacrifice than any other place on earth."

Herbert Pearson Bateman was born in Fremantle in 1884, to John Wesley Bateman and Mary Armstrong. The Bateman family name is notable in the economic history of Western Australia - patriarch John Bateman founded WA's second-oldest company in 1830. H.P. Bateman did his schooling at The Fremantle School, and then at Scotch College. At the time of his enlistment in the Australian Imperial Force on March 23rd 1915 at 30 years of age, H.P. Bateman was employed as a solicitor in Fremantle. The evocative hand-written notation on the back of the Rainbow Pound states that H.P. Bateman received it "From the Commonwealth Military Authorities on Friday the 9th April 1915 at Blackboy as pay as a private in No. 13 Depot Co. For service in parts beyond the Seas."

Bateman family history has it that H.P. Bateman promptly posted the note to his mother in Fremantle, and that she retained as a keepsake of her son's service in the armed forces. The note was placed into a custom-made frame, and was not removed until mid-way through 2013, during preparations for the sale of the note. It is a marvel that the note remained within the family for two years shy of a century, in the very same picture frame and still in impeccable condition.

Once enlisted in the 28th Battalion, Bateman spent the next 3 months in training at the famed Blackboy training camp, at Greenmount on the outskirts of Perth in West Australia. Bateman's intelligence and diligence saw him steadily rise through the ranks of the AIF - he was designated Private once he completed his basic training on April 21st, 1915, just 4 days prior to the first Australian troops landing at Gallipoli on April 25th, 1915. Bateman departed Australia for Gallipoli on HMAT Ascianus on June 28th, 1915, and was promoted to Sergeant en route on August 30th, 1915. The 28th Battalion spent two months training in Egypt, and landed at Gallipoli on September 10th, 1915....(see the article in CAB magazine, October 2013 issue for more details).

Superb bright colour on the front, with great eye appeal that highlights how attractive this design of this short lived "Emergency" wartime issue was (this note was heavily forged, thus the short lived print run). Good crisp, strong paper, with some minor edge toning where it was removed from the frame. Indian Ink inscription on the back detailing when Bateman received the note, and his service rank at the time. Extremely rare as both a historically significant banknote, and because of it's extraordinary grade for this issue. *aUNC*

Terms And Conditions of Sale

Please read the following "Terms of Sale" carefully. These terms are applicable to all floor bidders and mail bidders in this auction. Your submission of bids in this Auction constitutes your acceptance of these "Terms of Sale".

1. This is a public auction sale, NOT an approval sale. At the fall of the gavel or auctioneer's call of "Sold", all sales are then final, and any bid acknowledged and relied on by the auctioneer shall not be withdrawn. Bidding in this auction in any way confirms that the bidder personally guarantees all payments, and acknowledges and accepts the Terms and Conditions of sale as set out herein. The auctioneer has final discretion in all such matters. In case of a dispute, the lot(s) in question may be immediately resold. The auctioneer as represented here includes International Auction Galleries as an entity.

2. Payments must be made in full and all floor bidder purchases must be removed the day of the sale, or by 5p.m. the next day. Absolutely No lots will be released until payment in full has been made. Payment may be made in Cash, by Personal Cheques (with proper identification, at the discretion of International Auction Galleries), or by Bank Transfer or Major Credit Cards as stipulated. Successful postal bidders will be notified by mail via an auction receipt. All postal bidder accounts must be fully finalised within 14 days of the sale date.

3. A 19.75% buyer's premium will be added to the knock down price of each lot (includes GST where applicable). **All payments by American Express will incur a 3% surcharge.**

4. Unless otherwise specifically stated by the auctioneer, each new bid shall be raised above the previous bid by such amount as is determined by the auctioneer during the course of the auction, and no party shall be allowed to retract his or her bid after acknowledgment by the auctioneer.

5. The auctioneer reserves the right to refuse any bid and to withdraw any goods from sale at any time, or to disclose any reserves or vendor information, without having to state any reason.

6. At the fall of the hammer, (if required by the Auctioneer), the purchaser shall give his or her full name and address, and pay 25% of the purchase price deposit. In default, the lot(s) purchased may, at the auctioneer's discretion, immediately be reoffered and resold. All lots sold will remain the property of the owner/vendor until cleared payment is made in full. Only then will the title of ownership of the lots pass to the purchaser, irrespective of any terms or deferment of payment.

7. Except as otherwise provided by state or federal law, no condition or warranty is given or implied by the auctioneer in respect of any lot offered for sale via auction. As all lots are given for inspection prior to the commencement of the sale, it shall be presumed that the goods have been inspected and that the purchaser accepts the goods are sold with all faults. No error or mis-description of any lot shall give cause for an invalidation of sale or an abatement of price, and the auctioneer shall not be held responsible for any such error. All lots are guaranteed genuine (except where so described), however if a lot sold is found to be a fake or forgery, the purchaser may then return it, and receive, upon proven confirmation to the auctioneers satisfaction, a full refund.

8. The auctioneer shall not be liable for any description or mis-description given on any of the goods presented here for sale in any way. Any statement as to the description of goods is given as a statement of opinion only as represented to the auctioneer, and is not to be relied on as a representation of fact. Whilst every effort is made, the auctioneer gives no warranty that the quantities or any grading given with respect to the description of any lot as stated is correct. All

images used are given as a guide only, and are not guaranteed to be an accurate representation.

9. No lots purchased by a bidder may be returned, including those lots where the bidder is acting as agent for another. There are no returns or refunds except for reason of lack of authenticity (as is stated in clause 7 and 8 above detailing liability). It is assumed that all intending bidders (including all postal and internet bidders) have obtained their own satisfaction and/or done due diligence on all lots before submitting any bids in any way. All bids submitted are thus then subject to the full terms and conditions. The auctioneer accepts no responsibility for any mistakes in any postal or phone bidding conducted. Late remittance of payments constitutes just cause for revocation of all return privileges. In the event that a bidder is acting as an agent for another party, and that agency has not been disclosed to the auctioneer in writing 24 hours before the sale date, then the bidder is deemed by the auctioneer to be the final buyer in all respects, and is fully responsible for all payments, fees and charges. **In no event may any lot(s) be returned after Twenty One (21) days from the date of the auction. All sales are then final.**

10. If any purchaser fails to comply with any of conditions of sale as outlined here or if any monies paid in any way given on settlement of account for any goods is dishonoured or unfulfilled, then any monies which the purchaser has paid to the auctioneer on account of the purchase shall then be forfeited absolutely to the vendor. The auctioneer acting as agent for the vendor is at liberty to re-sell the lot(s) in any manner and upon such terms and conditions as they may deem proper and/or to then sue the purchaser for any loss or resulting damages as set out below. Damages include all losses and expenses incurred by the vendor or the auctioneer as well as all damages which the vendor or the auctioneer may sustain resulting from any re-sale and storage, which shall then be recovered from the purchaser as liquidated damages. The auctioneer (acting on behalf of the vendor) in the event of such resale is entitled to:

a) The total amount of any and all commissions and/or buyers premiums applicable or any other fees and commissions lost as a result of the purchaser defaulting on the purchase.

b) The full cost of advertising and all other expenses related to re-sale as deemed necessary, including any storage costs and insurance charges.

c) Any differential in price from the initial sale price to the price achieved in re sale of the items(s).

11. A service charge of 2% compound per month (or part thereof) will be added to overdue accounts (30 days after the date of Auction is the overdue period for all unpaid accounts). In any event the title of any lots sold will not pass to the purchaser until the full amount of the purchasers auction account has been fully paid and remitted to the vendor, including any other service charges, storage or any other fees resulting from any late payments.

12. Estimates are given only as a guide, and not given as starting points for bidding: Lots may sell for a price greater than or less than these estimates. Bidding will start at an increment above the lowest postal bid received, or at the Auctioneers sole discretion. All prices are in Australian Dollars.

13. All images, text and information supplied in this catalogue remain the property of International Auction Galleries, and may not be used or transmitted in any way without written permission.
