## Welcome To Sale 82

Welcome to our first Live Auction for 2015! This Auction has a simply amazing selection of many really interesting and high quality items, and is also very special, as it marks our 30th Anniversary as IAG, and 30 years of Auctions from 1985 to date. While we record this sale as Sale number 82, before our "numbered" sales we ran monthly Numismatic Auctions for 10 years, along with Jewellery, Antiques, Collectables and Artwork sales, so our real number of Numismatic auctions would be in the hundreds, and double that for total Auctions! Over the years we have handled some amazing items, and still hold a number of record prices for sales (including the highest price ever achieved for any Australian Numismatic Item), and I think this Auction would sit proudly amongst anything we have ever done. We here at IAG are all looking forward to another 30 years!

**Please Note:** We have moved all our main Auctions to a Saturday, as we feel this best fits in with our clients needs. Major Auctions will be held on a Saturday, whilst smaller, more frequent Online Auctions will be held on a Monday or Tuesday night.

We are continuing to expand and improve our Online bidding experience. As the first major Auction house to hold Online sales, our success has seen them go from strength to strength. We are continuing to evolve our processes to make them even better, and more frequent, and appreciate any feedback in this process you might have. We also do NOT charge any extra fees to live bid Online as others now are.

## Some Sale 82 Auction Highlights and more...

Banknote highlights include two high denomination issues: a 50 and 100 Pound Cerutty-Collins, with the 100 Pound in particular being a really superb, crisp note, estimated at \$38,000 and \$110,000 respectively. ### **Five Dollar Note**

603 2006 Five Dollars MacFarlane-Henry accidently issued one millionth note issue. BA06 first prefix with solid 000000 serial numbers. This is the one millionth note in the print run. Prior to 1976 the serial numbering for the millionth note was done by hand, with the number 1 added after the serial number was printed. Current convention is for serial numbering to start at 000000 and count backwards from 999999 to 000001 with the millionth sheet numbered 000000 pulled aside and destroyed. In 2006 the millionth sheet with 000000 serial numbered notes were accidently issued into circulation. This note, with accompanying run of semi solid notes BA06 999998/999990 comes from the original bundle issued into circulation. BA 06 999999 was not found in the bundle and it is assumed it was faulty and destroyed, which is common as the printing press is not fully inked at start of printing runs. (10 notes total) UNC

715 Nobel Prize Committee medallion for medicine. Struck in gold 1943, 20.22 gms, 27mm. Bust of Nobel name to left, date of birth and death to right. Reverse: The symbol of the Karolinska Institute of Medicine, cup with snake and wreath behind, inscribed INVENTAS-VITAM-IUVAT-EXCOLUISSE-PER-ARTES. With 'GULD 1943' inscribed on outer rim. Awarded by the Karolinska Institute's Nobel Committee for physiology or medicine. Medallions were given to the committee members at each step of the selection process with a comittee consisting of up to 50 professors, and on that occasion the members receive the medallion in silver. At further meetings, they again receive the medallion in silver. At the final voting they then receive the medallion in silver gilt. Up to 1979 the medallions were struck in gold (23 carats), and since 1980 in silver or silver gilt. Members present at the meetings for some years can exchange 10 medallions in silver or silver gilt for one in gold (now 18 carats). From 1929 on the medallion with Nobel's portrait has been used. The Gold medal is only bestowed at the final meeting with the Academy in corpore. Since they only have 18 members (and it is seldom that all members are present), this medallion has thus been struck in very small numbers. The Nobel Prize is regarded as the most prestigious award available in the fields of literature, medicine, physics, chemistry, peace and economics. The Nobel Prize from this year (1943) was awarded equally to Henrik Carl Peter Dam 'for his discovery of vitamin k' and Edward Adelbert Doisy 'for his discovery of the chemical nature of vitamin k'. Very rare. (A similar example sold in IAG Sale 80). aUNC

Below the neck of Britannia is (presumably) the designers name - W.Kullrich P. The Reverse shows Britannia seated receiving from a female representation of Australia a sheath of grain behind which are bales of wool, a sailing ship and an exhibition building and the words 'HINC LAUDEM FORTES SPERATE COLONI' (Strong praise & hope for the colony) and beneath it 'W.KULLRICH INV. ET FECIT BEROLINI'. The rim of the medal has the words 'CARR & CO FABRICS OF N.S.WALES WOOL'. This medal was apparently awarded as a special prize to Carr & Co by the NSW Government for the best spun yarn from NSW grown wool. This is the largest gold Award Medal known. To produce the medal as specified by the NSW Government proved costly and difficult according to contemporary accounts at the time, with a cost of over 200 Pounds to make each medal. New South Wales Bill of Exchange by G.Blaxcell, Sydney March 13th 1812 for 250 Pounds. Handwritten on old original parchment paper, payable to Captain Joseph James, merchant on or before 24th September 1812. With a printed form of a notice of protest printed by George Howe, Sydney, 1813 and signed by Ellis Bent (Judge Advocate of the Territory of NSW) detailing that Blaxcell had not paid by 16th August 1813. Blaxcell was a merchant and trader appointed to several official positions (such as deputy-commissary on 6th May 1803). He played an active part in the Bligh rebellion, and was on the committee that examined the Governors papers after his arrest. In 1810 Governor Lachlan Macquarie gave him a contract to build a general hospital in Sydney in return for the right to import 45,000 gallons of spirits. He left for England in debt in 1817 on the Kangaroo, and he died at Batavia soon after. Ex Noble Numismatics Sale 53 1997. Some old stains, rough edges and a few creases. 736 Large collection of 33 Royal memorabilia, signatures & photos, all beautifully framed, along with a mostly complete general collection of Australian coins 1910-2010 (including a 1923 Halfpenny and 1934/5 Centenary and Foys bag). Includes original signatures of King George VI, Edward VIII, Queen Mary & purported personal note of Queen Elizabeth II, along with items such as a King Edward VII memorial service booklet, an original Windsor Castle envelope, coronation newspaper posters, Royal Visit items, medallions, photos from Antiques Roadshow UK where the coin collection was featured and a continental silver (S 800) filigree fruit basket with forks and spoons. Built on the collection of signatures & handwriting given to a Mrs M E Dunn from Mr F.W. Barry, the librarian at the Royal Library and a friend of her fathers, on a visit to Windsor Castle in 1939. Although the Royal Archives envelope only held some signatures, mementos & photographs, it is very rare because the Royal Archives was partially destroyed by fire in 1992 and nothing is usually released from there besides to those connected to the royal family, with reportedly some such items selling for in excess of 30,00 Pounds in the 1980's. High quality frames and beautifully presented. (33 frames plus display case total).

## Terms And Conditions of Sale

# *Please read the following "Terms of Sale" carefully. These terms are applicable to all floor bidders and mail bidders in this auction. Your submission of bids in this Auction constitutes your full acceptance of these "Terms of Sale".*

**1.** This is a public auction sale, NOT an approval sale. At the fall of the gavel or auctioneer's call of "Sold", all sales are then final, and any bid acknowledged and relied on by the auctioneer shall not be withdrawn. Bidding in this auction in any way confirms that the bidder personally guarantees all payments, and acknowledges and accepts the Terms and Conditions of sale as set out herein. The auctioneer has final discretion in all such matters. In case of a dispute, the lot(s) in question may be immediately resold. The auctioneer as represented here includes International Auction Galleries as an entity.

2. Payments must be made in full and all floor bidder purchases must be removed the day of the sale, or by 5p.m. the next day. Absolutely No lots will be released until payment in full has been made. Payment may be made in Cash, by Personal Cheques (with proper identification, at the discretion of International Auction Galleries), or by Bank Transfer or Major Credit Cards as stipulated. Successful postal bidders will be notified by mail via an auction receipt. All postal bidder accounts must be fully finalised within 14 days of the sale date. 3. A 19.25% buyer's premium will be added to the knock down price of each lot (includes GST where applicable). All payments by American Express will incur a 3% surcharge.

**4.** Unless otherwise specifically stated by the auctioneer, each new bid shall be raised above the previous bid by such amount as is determined by the auctioneer during the course of the auction, and no party shall be allowed to retract his or her bid after acknowledgment by the auctioneer.

**5.** The auctioneer reserves the right to refuse any bid and to withdraw any goods from sale at any time, or to disclose any reserves or vendor information, without having to state any reason.

**6.** At the fall of the hammer, (if required by the Auctioneer), the purchaser shall give his or her full name and address, and pay 25% of the purchase price deposit. In default, the lot(s) purchased may, at the auctioneer's discretion, immediately be reoffered and resold. All lots sold will remain the property of the owner/vendor until cleared payment is made in full. Only then will the title of ownership of the lots pass to the purchaser, irrespective of any terms or deferment of payment.

**7.** Except as otherwise provided by state or federal law, no condition or warranty is given or implied by the auctioneer in respect of any lot offered for sale via auction. As all lots are given for inspection prior to the commencement of the sale, it shall be presumed that the goods have been inspected and that the purchaser accepts the goods are sold with all faults, and all lots are sold as is, on the basis of Caveat Emptor. No error or mis-description of any lot shall give cause for an invalidation of sale or an abatement of price, and the auctioneer shall not be held responsible for any such error, despite all care being taken. All lots are inspected and offered in good faith to the best of our determination to be genuine as described (except where so noted), however no guarantee is undertaken with respect to refunds on this basis.

**8.** The auctioneer shall not be liable for any description or mis-description given on any of the goods presented here for sale in any way. Any statement as to the description of goods is given as a statement of opinion only as represented to the auctioneer, and is not to be relied on as a representation of fact. Whilst every effort is made, the auctioneer gives no warranty that the quantities or any grading given with respect to the description of any lot as stated is correct. All images used are given as a guide only, and are not guaranteed to be an accurate representation.

9. No lots purchased by a bidder may be returned, including those lots where the bidder is acting as agent for another. There are no returns or refunds except for reason of lack of authenticity (as is stated in clause 7 and 8 above detailing liability). It is assumed that all intending bidders (including all postal and internet bidders) have obtained their own satisfaction and/or done due diligence on all lots before submitting any bids in any manner, and all bids thusly submitted are subject to the full terms and conditions of sale. Items purchased and submitted to third party grading immediately voids any and all further rights of return. The auctioneer accepts no responsibility for any mistakes in any postal or phone bidding conducted. Late remittance of payments constitutes just cause for revocation of all return privileges. In the event that a bidder is acting as an agent for another party, and that agency has not been disclosed to the auctioneer in writing 24 hours before the sale date, then the bidder is deemed by the auction-eer to be the final buyer in all respects, and is fully responsible for all payments, fees and charges. In no event may any lot(s) be returned after Twenty One (21) days from the date of the auction. All sales are then final.

**10.** If any purchaser fails to comply with any of conditions of sale as outlined here or if any monies paid in any way given on settlement of account for any goods is dishonoured or unfulfilled, then any monies which the purchaser has paid to the auctioneer on account of the purchase shall then be forfeited absolutely to the vendor. The auctioneer acting as agent for the vendor is at liberty to re-sell the lot(s) in any manner and upon such terms and conditions as they may deem proper and/or to then sue the purchaser for any loss or resulting damages as set out below. Damages include all losses and expenses incurred by the vendor or the auctioneer as well as all damages which the vendor or the auctioneer may sustain resulting from any re-sale and storage, which shall then be recovered from the purchaser as liquidated damages. The auctioneer (acting on behalf of the vendor) in the event of such resale is entitled to:

a) The total amount of any and all commissions and/or buyers premiums applicable or any other fees and commissions lost as a result of the purchaser defaulting on the purchase.
b) The full cost of advertising and all other expenses related to re-sale as deemed necessary, including any storage costs and insurance charges.

**c)** Any differential in price from the initial sale price to the price achieved in re sale of the items(s).

11. A service charge of 2% compound per month (or part thereof) will be added to overdue accounts (30 days after the date of Auction is the overdue period for all unpaid accounts). In any event the title of any lots sold will not pass to the purchaser until the full amount of the purchasers auction account has been fully paid and remitted to the vendor, including any other service charges, storage or any other fees resulting from any late payments. 12. Estimates are given only as a guide, and not given as starting points for bidding: Lots may sell for a price greater than or less than these estimates. Bidding will start at an increment above the lowest postal bid received, or at the Auctioneers sole discretion. All prices are in Australian Dollars. 13. All images, text and information supplied in this catalogue remain the property of International Auction Galleries, and may not be used or transmitted in any way without written permission.
