

# IAG to Offer the Estate of the Late Klaus Ford

A small selection from the immense amount of material in the Late Klaus Ford's estate (Image IAG).

IAG's next major Signature Auction - Sale 93 - will feature the first part of the Estate of the well known and respected dealer Klaus Ford who sadly passed away last year. The collection of material is enormous, varied and of the high quality you would expect of a major dealer of more than 30 years, with everything from quality Australian Pre Decimal Coins and Banknotes, Decimal

and World Banknotes, World Coins, Medals and Medallions, Tokens, Gold, NPA, Mint issues, bulk lots and thousands and thousands of high quality collectable grade items and so much more. The size and depth of this major estate is truly breathtaking.

We at IAG feel honoured to be given the opportunity to handle Klaus's estate as per his wishes, and will ensure that we

do this significant collection full justice. Due to the enormity and breadth of material, this will be spread over a number of auctions this year and possibly beyond.
