Welcome To IAGs Signature Sale 101

Welcome to IAG's 101st Signature Sale! Let me first thank the 85 vendors in this auction for helping to provide us with this amazing selection of material! Once again we have delivered a sale full of rare, high grade, interesting and well-priced items across a wide range of material and put together an auction that has something in it for every collector and budget! Apologies to vendors that contacted us too late or when sections were already filled. The ongoing popularity of our auctions along with our ZERO sellers commission means we have been well supplied recently with a tonne of material, and are still working our way through this. Our next auction - OS 23 in June is already limited in space, so contact us ASAP if you are looking to consign.

As I write this, we are just getting over the mess that Cyclone Alfred brought, along with a slight delay as we lost power and battened down the hatches. So far it has been another crazy start to the year, and with gold surging to record highs, the amount of rare gold we have in this sale is sure to excite! It would appear that the recent gold price increases have been driven (at least in a significant part) for a desire to hedge against inflation, and with money printers around the world pumping out currency, it's not just private people looking to hold gold (congratulations to all our gold bugs!) but big companies and even countries who appear to be stockpiling. As in the past in times like this, gold, and other such tangible assets such as rare coins and banknotes, have shown to be a good hedge against such inflation, so now might be a good time to consider this.

One final note: With all the uncertainty around (even in the Numismatic sphere) it pays to ensure your funds and purchases will be guaranteed, and our fully audited Trust Account ensures that every transaction with us is secure, with our vendor payments likewise always fast and on time.

Ronald George Thorne, born in Beerburrum, Queensland on the 5th November 1922, attested for the Second A.I.F. on the 13th January 1941 for service in World War II, enlisting with the R.A.A.F. as Airman 24376.

Of note: on the 8th August 1944, as Flight Sergeant with the 10th Squadron, Thorne was piloting a Halifax HX343 flying out of Melbourne airfield – the crew of seven 10th squadron members were tasked with a routine operational flight, their objective to bomb a target at St. Philibert-Ferme. As the aircraft picked up speed on the runway crisis arose, the elevator controls jammed and wouldn't lift off, leaving no option but to cut the power to the engines and attempt to stop it on the airfield – unfortunately, the aircraft was travelling too fast, it ran through the boundary hedge, struck a tree stump in the hedge, ground looped and came to rest with the port undercarriage collapsed. It was found that the elevator controls had been assembled incorrectly after a recent overhaul.

Thorne was awarded the Distinguished Flying Cross for services as Flying Officer with the 10th Squadron, his recommending citation reading: "Courage & devotion to duty on numerous operations", promulgated by London Gazette 25 September 1945 and Commonwealth Gazette 11 October 1945. Thorne was officially awarded this medal by the Governor General at the Brisbane Parliament House on the 15th June 1949.

Following the Second World War, Thorne remained with the R.A.A.F. and served in Malaya and Singapore against communist guerrilla forces at some point between 1948-1960, entitling him the General Service Medal with Malaya clasp. Later, Thorne served during the period of the Vietnam Campaign as Flight Lieutenant O173 and his role was out of the action, performing special duties and air traffic control out of the Squadron Base in Ubon (the Ubon Royal Thai Air Force Base) – over two periods, 1st December 1966 to 21st March 1967, and 6th April 1967 to 17th May 1967.

Ronald George Thorne discharged from the Royal Australian Air Force, his last rank as Flight Lieutenant O173, on the 1st of July 1977, and later passed away on the 3rd of March 2001, aged 78.

Terms And Conditions of Sale

Please read the following "Terms of Sale" carefully. These terms are applicable to all floor, postal and online bidders in this auction. Submission of bids in this Auction constitutes your full acceptance of these "Terms of Sale".

1. All Bids expressed either via Online or live in the saleroom shall remain valid until the fall of the gavel or auctioneer's call of "Sold". All sales are then final. Any bid(s) from any source as acknowledged and relied on by the auctioneer shall not be withdrawn. Bidding in this auction in any way confirms that the bidder personally guarantees all payments, and acknowledges and accepts the Terms and Conditions of sale as set out herein. The auctioneer has final discretion in all such matters. In case of a dispute, the lot(s) in question may be immediately resold. The auctioneer as represented here includes International Auction Galleries as an entity.

2. Auction payments must be made in full within 14 days of the sale date. No lots will be released until payment in full has been made. Payment may be made in Cash, by Personal Cheques (with proper identification, at the discretion of International Auction Galleries) by Bank Transfer or Major Credit Cards as stipulated. Successful Online/Postal bidders will be notified and issued an auction account. All such accounts must be fully finalised within 14 days of the sale date.

3. **A 22% buyer's premium will be added to the knock down price of each lot (includes GST where applicable).** A 1% surcharge will be added for all credit card payments.

4. Unless otherwise specifically stated by the auctioneer, each new bid shall be raised above the previous bid by such amount as is determined by the auctioneer during the course of the auction, and no party shall be allowed to retract his or her bid after acknowledgment by the auctioneer.

5. The auctioneer reserves the right(s) to refuse any bid, withdraw any goods from sale at any time, or disclose reserves or vendor information without having to state any reason.

6. At the fall of the hammer, (if required by the Auctioneer), the purchaser shall give his or her full name and address, and pay 25% of the purchase price deposit. In default, the lot(s) purchased may, at the auctioneer's discretion, immediately be reoffered and resold. All lots sold will remain the property of the owner/vendor until cleared payment is made in full. Only then will the title of ownership of the lots pass to the purchaser, irrespective of any terms or deferment of payment. Payment on approved dealer/trade accounts must be cleared and finalised within 28 days of sale.

7. Except as otherwise provided by state or federal law, no condition or warranty is given or implied by the auctioneer in respect of any lot offered for sale via auction. Lots are available for inspection prior to the commencement of the sale and it shall be presumed that they have been inspected and the purchaser accepts them as offered as is with all faults, on the basis of Caveat Emptor. All lots are inspected and offered in good faith to the best of our determination to be genuine as described (except where so noted), however no guarantee is undertaken with respect to refunds on this basis. No guarantee or right of refund is given on any third party graded items in respect to authenticity or grade. Any purchased item(s) sent for third party grading shall also void any right to return.

8. The auctioneer shall not be liable for any description or mis-description given on any of the goods presented here for sale in any way. Any statement as to the description of goods or grade is given as a statement of opinion only as represented to the auctioneer, and is not to be relied on as a representation of fact. No error or mis-description of any lot shall give cause for an invalidation of sale or an abatement of price (including any quantities expressed) and the auctioneer shall not be held responsible for any such error. The auctioneer gives no warranty or right of return in respect to grading of any lots (as expressed in clause 7). All images used are given as a guide only, and are not guaranteed to be an accurate representation.

9. No lots purchased by a bidder may be returned, including those lots where the bidder is acting as agent for another. There are no returns or refunds except for reason of lack of authenticity (as is stated in clause 7 and 8 above detailing liability). It is assumed that all intending bidders (including all postal and

internet bidders) have obtained their own satisfaction and/or done due diligence on all lots before submitting any bids in any manner, and all bids thusly submitted are subject to the full terms and conditions of sale. Items purchased and submitted to third party grading immediately voids any and all further rights of return. The auctioneer accepts no responsibility for any mistakes in any postal or phone bidding conducted. Late remittance of payments constitutes just cause for revocation of all return privileges. In the event that a bidder is acting as an agent for another party, and that agency has not been disclosed to the auctioneer in writing 24 hours before the sale date, then the bidder is deemed by the auctioneer to be the final buyer in all respects, and is fully responsible for all payments, fees and charges. **In no event may any lot(s) be returned after Twenty One (21) days from the date of the auction. All sales are then final.**

10. If any purchaser fails to comply with any of conditions of sale as outlined here or if any monies paid in any way given on settlement of account for any goods is dishonoured or unfulfilled, then any monies which the purchaser has paid to the auctioneer on account of the purchase shall then be forfeited absolutely to the vendor. The auctioneer acting as agent for the vendor is at liberty to re-sell the lot(s) in any manner and upon such terms and conditions as they may deem proper and/or to then sue the purchaser for any loss or resulting damages as set out below. Damages include all losses and expenses incurred by the vendor or the auctioneer as well as all damages which the vendor or the auctioneer may sustain resulting from any re-sale, storage, debt recovery, legal fees and/or court costs which shall then be recovered from the purchaser as liquidated damages. The auctioneer (acting on behalf of the vendor) in the event of such resale is also entitled to the expenses as set out below:

a) The total amount of any and all commissions and/or buyers premiums applicable or any other fees and commissions lost as a result of the purchaser defaulting on the purchase.

b) The full cost of advertising and all other expenses related to re-sale as deemed necessary, including recovery and legal fees, court costs, interest, storage costs and insurance charges.

c) Any differential in price from the initial sale price to the price achieved in re sale of the items(s).

11. **A service charge of 2% compound per month (or part thereof) will be added to overdue accounts (28 days after the date of Auction is the overdue period for all unpaid accounts).** In any event the title of any lots sold will not pass to the purchaser until the full amount of the purchasers auction account has been fully paid and remitted to the vendor, including any other service charges, storage or any other fees resulting from any late payments.

12. Estimates are given as a guide, and not given as starting points for bidding: Lots may sell for a price greater or less than these estimates. All prices are in Australian Dollars.

13. Postage and Insurance: If a purchaser declines to pay the mandatory insurance charge applied to their account for cover during shipping/postage then they shall assume all responsibility for that item(s). Any possible loss or damage to that item(s) shall then be the purchaser's responsibility.

14. By accepting these Terms and Conditions and/or by making any bid, the bidder guarantees they have the funds or ability to pay for any and all items bid on (including buyer's premiums, insurance, postage and other charges) within the stipulated timeframe as set out above in clause two as part of the Auction Terms and Conditions. Non-payment of accounts within the specified time will be handed to debt collection agencies as a requirement of settlement of the Trust Account.

15. All images, text and information supplied in this catalogue remain the property of International Auction Galleries, and may not be used or transmitted in any way without prior written permission. Note - Images may not be shown to scale.
