Welcome To IAGs Signature Sale 102

IAGs Special Event 40th Anniversary Signature Auction!

Welcome to IAG's special 40th Anniversary Auction – a celebration of forty years of our excellence in and achievements in the numismatic field. Let me first thank the 92 vendors in this auction for this amazing selection of material, as we again have delivered a sale full of rare, high grade, interesting and well-priced items that has something in it for every collector and budget- it must be that zero commission that keeps them all coming back!

As I write this, we are just getting over the last crazy six plus months it has taken to pull this sort of a sale together! There is a lot of long-term planning involved in building a successful, well rounded sale, and this one has certainly been a test of patience with plenty of long hours and overtime involved. I'd like to thank everyone who has been a part of our journey over the last 40 years; my family- especially my wife Moana, without whom none of this would be possible, my Parents Bill and Pam, who started me off on this journey when I was 6 and who founded IAG, and my dear sister Nicole. And to our long serving key staff, office manager Susan, IT whiz Christo and all-rounder Willow who are vital in keeping the IAG machine running, along with all of our clients, friends and everyone who has had a hand in helping IAG become what it is today. Finally to my long-time friend and mentor Barrie Winsor – this one's for you mate.

When we started IAG forty years ago, our focus wasn't just numismatics, but almost everything collectable - from jewellery and antiques to artwork and memorabilia, we've sold it all. Nobles and Downies (being the other two major numismatic auction houses at the time) both had large operations and auctions, so I really wanted to differentiate our auctions by being smaller and high quality focused, which is where our 'boutique style' auctions really began. Dealers and collectors always loved them as they could "fly in and out in a day and get it all done" as opposed to having to spend a long week in sale rooms. Things have certainly changed since the early years, but our focus on high quality, rarity, presentation and auction innovation has still kept us at the forefront, as I am sure this auction more than reflects.

Some Key Sale 102 Auction Highlights:

A special event deserves a special sale, and I think S 102 more than delivers! To be held over three nights, there are so many great lots across the sale, it's hard to narrow it down to just a few!

There is no doubt the 1930 Penny is our most recognizable coin rarity, with almost everyone knowing that it is the most valuable Pre Decimal coin. Not only is it a famous rarity, but it is seen worldwide as the key 20th Century copper coin! What's always been special about the Unc example in this sale besides the grade is that it is the only example with any mint red colour, and from when it first appeared on the market almost 50 years ago until today it has always been identified as the finest known circulation example of this key date. This coin is the centerpiece of the Malcolm Burgess collection, which comprises 239 lots of Pre Decimal across most issues, many in high grade, which can also be viewed in a separate pdf catalogue (available to download on the website) in full.

To have one Holey Dollar in an auction is amazing, but to have two superb coins is next level! Both are in nice condition with good details, one NGC graded whilst the other is from the P. Spalding estate, author of *The World of the Holey Dollar*. Along with these are four interesting and rare contemporary restrrike Holey Dollars, also ex the Spalding Estate, which are all illustrated in both his book and *Mira*.

Gold highlights include a superb 1855 Sydney Mint sovereign graded MS 63. This choice grade rarity is ex the famous Quartermaster collection, and regarded as the second finest known. There's a nice selection of other gold issues including a rare proof 1890M Half Sovereign and an EF/gEF Adelaide Pound Type II and a popular RAM gold proof set.

The 'Crowned' head Kookaburra Penny is a striking coin, especially as it has the portrait of George V, the only example of the series that does so, which really sets it apart. With only a handful of examples of this rare type known, this coin would be right at the top of every Kookaburra enthusiast's wish list.

Banknote highlights include an EF 50 Pound 1920, along with a high grade Emergency Rainbow pound that would rank in the top few known, five rare super-

scribed issues including an Emergency issue pound, and a very rare 5 pound and Union Bank pound issued on Perth. There are also some fantastic pre federation specimens, a number of pre decimal and decimal specimens, some great misprints, a quantity of star notes, First/Last prefixes and decimal issues.

Some other key highlights include a large number of pre decimal proof coins including a rare proof 1924 penny, 1937 crown, 1947Y, 1950Y and 1951PL half-pennies, 1935, 1938 and 1943Y pennies, 1934 sixpence and a proof 1938 florin to name just a few. Rare pre decimal issues include three other 1930 pennies, four 1923 halfpennies in high grade, numerous high grade and PCGS issues to Gem UNC, an MS 63 1920 Dot below penny and a VG 10 1921/22 overdate threepence.

The Highlights of the Eridmatos Error collection features a spectacular selection of 47 rare error coins that include some amazing and unique types, with everything PCGS graded. A few personal favourites are the two 1988 'Mule' 50 Cents with the standard Coat of Arms reverse (instead of the Bicentenary). I am also not sure how I will be able to refrain from buying the spectacular 20 Cent struck on a bi-metallic blank! I guess I will have to be satisfied looking at the images, all of which can also be found on the website in their own separate pdf catalogue, this time offered as individual lots.

World coins and banknotes feature, and there are some superb GB issues including a gold Charles I unite and an MS 62 Cromwell crown. Along with this is the usual large selection of RAM, NPA, mint rolls, tokens, medals, bulk lots, sets, albums and so much more!

This auction really does present a great buying opportunity with a wide selection of so much high quality, collectable and fresh to market material that is all priced to excite. We hope you enjoy this fantastic celebratory 40th Anniversary Sale number 102!

Happy Collecting to all!

1297 1930 Penny. THE trophy coin of the Pre Decimal series, and often described as the most important copper coin of the 20th Century. Exhibiting considerable mint red colour behind the devices with good surfaces, with an Obverse hairline behind Kings head the only detractor. It is an obvious early strike, as it only hints at the usual striking weaknesses of the issue and is sharp throughout with minimal wear. The finest grade circulation 1930 Penny in private hands and the only known example with this amount of mint red. It could well be argued that its importance makes it rarer than the Proof examples, of which six exist. With good provenance being Ex Spink Auctions S 22 July 1987 (Lot 2250 and the front cover image and sold for \$46,500) - \$10,000 above estimate and the 2nd top price in the auction. Also ex Spink Sale 26 Nov 1988 (Lot 906) and IAG S 74 June 2011 (Lot 453). Superb, and of the highest importance and rarity. *gEF/aUNC*

Terms And Conditions of Sale

Please read the following "Terms of Sale" carefully. These terms are applicable to all floor, postal and online bidders in this auction. Submission of bids in this Auction constitutes your full acceptance of these "Terms of Sale".

1. All Bids expressed either via Online or live in the saleroom shall remain valid until the fall of the gavel or auctioneer's call of "Sold". All sales are then final. Any bid(s) from any source as acknowledged and relied on by the auctioneer shall not be withdrawn. Bidding in this auction in any way confirms that the bidder personally guarantees all payments, and acknowledges and accepts the Terms and Conditions of sale as set out herein. The auctioneer has final discretion in all such matters. In case of a dispute, the lot(s) in question may be immediately resold. The auctioneer as represented here includes International Auction Galleries as an entity.

2. Auction payments must be made in full within 14 days of the sale date. No lots will be released until payment in full has been made. Payment may be made in Cash, by Personal Cheques (with proper identification, at the discretion of International Auction Galleries) by Bank Transfer or Major Credit Cards as stipulated. Successful Online/Postal bidders will be notified and issued an auction account. All such accounts must be fully finalised within 14 days of the sale date.

3. **A 22% buyer's premium will be added to the knock down price of each lot (includes GST where applicable).** A 1% surcharge will be added for all credit card payments.

4. Unless otherwise specifically stated by the auctioneer, each new bid shall be raised above the previous bid by such amount as is determined by the auctioneer during the course of the auction, and no party shall be allowed to retract his or her bid after acknowledgment by the auctioneer.

5. The auctioneer reserves the right(s) to refuse any bid, withdraw any goods from sale at any time, or disclose reserves or vendor information without having to state any reason.

6. At the fall of the hammer, (if required by the Auctioneer), the purchaser shall give his or her full name and address, and pay 25% of the purchase price deposit. In default, the lot(s) purchased may, at the auctioneer's discretion, immediately be reoffered and resold. All lots sold will remain the property of the owner/vendor until cleared payment is made in full. Only then will the title of ownership of the lots pass to the purchaser, irrespective of any terms or deferment of payment. Payment on approved dealer/trade accounts must be cleared and finalised within 28 days of sale.

7. Except as otherwise provided by state or federal law, no condition or warranty is given or implied by the auctioneer in respect of any lot offered for sale via auction. Lots are available for inspection prior to the commencement of the sale and it shall be presumed that they have been inspected and the purchaser accepts them as offered as is with all faults, on the basis of Caveat Emptor. All lots are inspected and offered in good faith to the best of our determination to be genuine as described (except where so noted), however no guarantee is undertaken with respect to refunds on this basis. No guarantee or right of refund is given on any third party graded items in respect to authenticity or grade. Any purchased item(s) sent for third party grading shall also void any right to return.

8. The auctioneer shall not be liable for any description or mis-description given on any of the goods presented here for sale in any way. Any statement as to the description of goods or grade is given as a statement of opinion only as represented to the auctioneer, and is not to be relied on as a representation of fact. No error or mis-description of any lot shall give cause for an invalidation of sale or an abatement of price (including any quantities expressed) and the auctioneer shall not be held responsible for any such error. The auctioneer gives no warranty or right of return in respect to grading of any lots (as expressed in clause 7). All images used are given as a guide only, and are not guaranteed to be an accurate representation.

9. No lots purchased by a bidder may be returned, including those lots where the bidder is acting as agent for another. There are no returns or refunds except for reason of lack of authenticity (as is stated in clause 7 and 8 above detailing liability). It is assumed that all intending bidders (including all postal and

internet bidders) have obtained their own satisfaction and/or done due diligence on all lots before submitting any bids in any manner, and all bids thusly submitted are subject to the full terms and conditions of sale. Items purchased and submitted to third party grading immediately voids any and all further rights of return. The auctioneer accepts no responsibility for any mistakes in any postal or phone bidding conducted. Late remittance of payments constitutes just cause for revocation of all return privileges. In the event that a bidder is acting as an agent for another party, and that agency has not been disclosed to the auctioneer in writing 24 hours before the sale date, then the bidder is deemed by the auctioneer to be the final buyer in all respects, and is fully responsible for all payments, fees and charges. **In no event may any lot(s) be returned after Twenty One (21) days from the date of the auction. All sales are then final.**

10. If any purchaser fails to comply with any of conditions of sale as outlined here or if any monies paid in any way given on settlement of account for any goods is dishonoured or unfulfilled, then any monies which the purchaser has paid to the auctioneer on account of the purchase shall then be forfeited absolutely to the vendor. The auctioneer acting as agent for the vendor is at liberty to re-sell the lot(s) in any manner and upon such terms and conditions as they may deem proper and/or to then sue the purchaser for any loss or resulting damages as set out below. Damages include all losses and expenses incurred by the vendor or the auctioneer as well as all damages which the vendor or the auctioneer may sustain resulting from any re-sale, storage, debt recovery, legal fees and/or court costs which shall then be recovered from the purchaser as liquidated damages. The auctioneer (acting on behalf of the vendor) in the event of such resale is also entitled to the expenses as set out below:

a) The total amount of any and all commissions and/or buyers premiums applicable or any other fees and commissions lost as a result of the purchaser defaulting on the purchase.

b) The full cost of advertising and all other expenses related to re-sale as deemed necessary, including recovery and legal fees, court costs, interest, storage costs and insurance charges.

c) Any differential in price from the initial sale price to the price achieved in re sale of the items(s).

11. **A service charge of 2% compound per month (or part thereof) will be added to overdue accounts (28 days after the date of Auction is the overdue period for all unpaid accounts).** In any event the title of any lots sold will not pass to the purchaser until the full amount of the purchasers auction account has been fully paid and remitted to the vendor, including any other service charges, storage or any other fees resulting from any late payments.

12. Estimates are given as a guide, and not given as starting points for bidding: Lots may sell for a price greater or less than these estimates. All prices are in Australian Dollars.

13. Postage and Insurance: If a purchaser declines to pay the mandatory insurance charge applied to their account for cover during shipping/postage then they shall assume all responsibility for that item(s). Any possible loss or damage to that item(s) shall then be the purchaser's responsibility.

14. By accepting these Terms and Conditions and/or by making any bid, the bidder guarantees they have the funds or ability to pay for any and all items bid on (including buyer's premiums, insurance, postage and other charges) within the stipulated timeframe as set out above in clause two as part of the Auction Terms and Conditions. Non-payment of accounts within the specified time will be handed to debt collection agencies as a requirement of settlement of the Trust Account.

15. All images, text and information supplied in this catalogue remain the property of International Auction Galleries, and may not be used or transmitted in any way without prior written permission. Note - Images may not be shown to scale.
