Welcome To Sale 86

Welcome to our final Signature Auction for 2017! This auction is perhaps the most diverse, highlight filled and interesting sale we have had in a long time! No doubt about it that every collector and dealer will find many well priced lots of interest.

Once again we are seeing that the availability of high quality stock has been drying up, with less and less top end material showing up for sale as the number of forced sellers and liquidators slows to a trickle. Many areas of quality items now look to be under priced, and I would expect things like key Rarities, quality Pre Decimal Banknotes, choice Pre Decimal coinage and Proofs along with any of the other rarities which have fallen significantly to now continue to gain in value. This current sale has another great selection of such items, so don't miss out!

Our growing Online members (over 2,000 now) know that this auction is our FIFTH so far this year, and with a further three auctions to follow, will mean we will have done eight auctions in total this year, and sold over 5,500 lots! If you haven't done so already, become an Online Member NOW! It's quick and easy to do, easy to use and (as many of our client have told us) the best Online bidding and auction system!

Vendors (and potential vendors) note: You can now submit items for our auctions completely online on our website! List your items for sale, add in your estimated reserves, and even upload pictures. This allows us to easily accept, enter and invoice your items online. Which means that consigning is easier, and more frequent auctions means you get your money faster than ever.

Some Sale 86 Auction Highlights and more...

Key highlights for Sale 86 include the highest graded NSW Dump 1815 (Type D/2). PCGS graded at XF 45, this superb and rare example is a coin sure to attract keen attention. Another key highlight is a Polymer Specimen presentation set to John Phillips (former Deputy Governor of the Reserve Bank, inaugural Chairman of the Board of Note Printing Australia and a banknote signatory on paper notes in 1989). This rare set comes with an official letter dated 1992 signed by Bernie Fraser, and is estimated to sell at only \$34,000!

Two rare Colonial convict tokens are amongst the more interesting lots on offer with one by Fredrick Morgan dated 1825 (a well known publican in Bathurst amongst other things), and whose sons developed the Mount Morgan mine. Another key highlight is a very rare high denomination 100 Pound Banknote from 1924 (R 69b), in lovely original gVF condition. Estimated at \$75,000, it is priced well under the market for a note that is rarely seen in higher grade.

Banknote highlights include two other rare early Pre Decimal Specimen notes, a 1 Pound 1938 Sheehan-McFarlane and a 5 Pound 1933 Riddle-Sheehan. Estimated at \$28,000 and \$38,000 respectively, these key rarities are being offered at a fraction of their purchase prices! There are of course also Pre Federation, Specimen and Issued notes, a nice selection of Hay Internment Camp notes and coins in UNC, some rare Misprints, Starnotes, and much more.

Other Coin highlights include an attractive 1852 Adelaide Pound Type II, two more 1813 NSW Dumps, two 1930 Pennies including one in aVF

condition, a 1923 Halfpenny in gEF/aUNC, four 1922/1 Overdate Threepences, an UNC 1921 Star Shilling, high grade 1932 Florins and more. Some other rare copper includes a 1920 Plain, Double Dot and 1925 Penny in high grade, Pre Decimal Proofs with a rare 1928 Penny, 1936 Shilling, 1938 Copper pair and a run of QE II including superb 1955 and 1956Y issues, along with some choice grade Pre Decimal Copper and Silver including many PCGS.

An excellent selection of rare and interesting World and British coins, includes a Gold "Dubloon" Peru 8 Escudos of 1736, a USA Dollar 1799, a rare trial Hong Kong 'Dollar' 1864 that are only a fraction of what is on offer. British issues include a 1692 William and Mary Half Guinea, a Charles I Pontefract octagonal Shilling, a Pattern Farthing 1660 and Sixpence 1770, as well as a large selection of Proclamation coinage, including a Johanna and several Half Johannas, 2 gold 4 Escudos, gold Mohurs, Guineas, Ducats, several choice 8 Reales and much more!

Rare Mis-Struck issues also feature, including a Double Struck 1940 K.G Penny, a 1943S Florin struck on a USA Nickel blank, a 50 Cent Royal Wedding struck on a Hong Kong \$5 blank, a 50 Cent 1991 Rams Head struck on a 10 Cent blank, a 1995 \$1 struck on a 10 Cent blank and a Double Headed \$1 2015!

Once again this superb sale has something for every collector, and every budget!

Happy Collecting to all.

- 286 Set of 5 first generation Polymer Specimen notes presented to John Phillips, former Deputy Governor of the Reserve Bank as well as being the inaugural Chairman of the Board of Note Printing Australia. Phillips was also a banknote signatory on paper notes for two months in 1989 (the only Deputy Governor of the RBA to be a signatory). He has been described as being centrally involved in some of the most important pieces of financial deregulation in Australia. Former RBA Governor Ian McFarlane stated that Phillips was the principle source of expertise on how the Australian foreign exchange market worked. Matched numbers set 0021, with official letter for the \$5 note from the Reserve Bank of Australia dated 1992 (letter signed by Bernie Fraser). (SP 30 - SP 34). In official NPA packs as issued and presented. Extremely rare, being one of 4 known matched number sets presented, and of extreme importance. UNC**

Terms And Conditions of Sale

Please read the following "Terms of Sale" carefully. These terms are applicable to all floor, postal and online bidders in this auction. Submission of bids in this Auction constitutes your full acceptance of these "Terms of Sale".

1. This is a public auction sale, NOT an approval sale. At the fall of the gavel or auctioneer's call of "Sold", all sales are then final, and any bid acknowledged and relied on by the auctioneer shall not be withdrawn. Bidding in this auction in any way confirms that the bidder personally guarantees all payments, and acknowledges and accepts the Terms and Conditions of sale as set out herein. The auctioneer has final discretion in all such matters. In case of a dispute, the lot(s) in question may be immediately resold. The auctioneer as represented here includes International Auction Galleries as an entity.

2. Payments must be made in full and all floor bidder purchases must be removed the day of the sale, or by 5p.m. the next day. Absolutely No lots will be released until payment in full has been made. Payment may be made in Cash, by Personal Cheques (with proper identification, at the discretion of International Auction Galleries), or by Bank Transfer or Major Credit Cards as stipulated. Successful postal bidders will be notified by mail via an auction receipt. All postal bidder accounts must be fully finalised within 14 days of the sale date.

3. A 19.25% buyer's premium will be added to the knock down price of each lot (includes GST where applicable). **All payments by American Express will incur a 3% surcharge.**

4. Unless otherwise specifically stated by the auctioneer, each new bid shall be raised above the previous bid by such amount as is determined by the auctioneer during the course of the auction, and no party shall be allowed to retract his or her bid after acknowledgment by the auctioneer.

5. The auctioneer reserves the right to refuse any bid and to withdraw any goods from sale at any time, or to disclose any reserves or vendor information, without having to state any reason.

6. At the fall of the hammer, (if required by the Auctioneer), the purchaser shall give his or her full name and address, and pay 25% of the purchase price deposit. In default, the lot(s) purchased may, at the auctioneer's discretion, immediately be reoffered and resold. All lots sold will remain the property of the owner/vendor until cleared payment is made in full. Only then will the title of ownership of the lots pass to the purchaser, irrespective of any terms or deferment of payment.

7. Except as otherwise provided by state or federal law, no condition or warranty is given or implied by the auctioneer in respect of any lot offered for sale via auction. As all lots are given for inspection prior to the commencement of the sale, it shall be presumed that the goods have been inspected and that the purchaser accepts the goods are sold with all faults, and all lots are sold as is, on the basis of Caveat Emptor. No error or mis-description of any lot shall give cause for an invalidation of sale or an abatement of price, and the auctioneer shall not be held responsible for any such error, despite all care being taken. All lots are inspected and offered in good faith to the best of our determination to be genuine as described (except where so noted), however no guarantee is undertaken with respect to refunds on this basis.

8. The auctioneer shall not be liable for any description or mis-description given on any of the goods presented here for sale in any way. Any statement as to the description of goods is given as a statement of opinion only as represented to the auctioneer, and is not to be relied on as a representation of fact. Whilst every effort is made, the auctioneer gives no warranty that the quantities or any grading given with respect to the description of any lot as stated is correct. All images used are given as a guide only, and are not guaranteed to be an accurate representation.

9. No lots purchased by a bidder may be returned, including those lots where the bidder is acting as agent for another. There are no returns or refunds except for reason of lack of authenticity (as is stated in clause 7 and 8 above detailing liability). It is assumed that all intending bidders (including all postal and internet bidders) have obtained their own satisfaction and/or done due diligence on all lots before submitting any bids in any manner, and all bids thusly submitted are subject to the full terms and conditions of sale. Items purchased and submitted to third party grading immediately voids any and all further rights of return. The auctioneer accepts no responsibility for any mistakes in any postal or phone bidding conducted. Late remittance of payments constitutes just cause for revocation of all return privileges. In the event that a bidder is acting as an agent for another party, and that agency has not been disclosed to the auctioneer in writing 24 hours before the sale date, then the bidder is deemed by the auctioneer to be the final buyer in all respects, and is fully responsible for all payments, fees and charges. **In no event may any lot(s) be returned after Twenty One (21) days from the date of the auction. All sales are then final.**

10. If any purchaser fails to comply with any of conditions of sale as outlined here or if any monies paid in any way given on settlement of account for any goods is dishonoured or unfulfilled, then any monies which the purchaser has paid to the auctioneer on account of the purchase shall then be forfeited absolutely to the vendor. The auctioneer acting as agent for the vendor is at liberty to re-sell the lot(s) in any manner and upon such terms and conditions as they may deem proper and/or to then sue the purchaser for any loss or resulting damages as set out below. Damages include all losses and expenses incurred by the vendor or the auctioneer as well as all damages which the vendor or the auctioneer may sustain resulting from any re-sale and storage, which shall then be recovered from the purchaser as liquidated damages. The auctioneer (acting on behalf of the vendor) in the event of such resale is entitled to:

a) The total amount of any and all commissions and/or buyers premiums applicable or any other fees and commissions lost as a result of the purchaser defaulting on the purchase.

b) The full cost of advertising and all other expenses related to re-sale as deemed necessary, including any storage costs and insurance charges.

c) Any differential in price from the initial sale price to the price achieved in re sale of the items(s).

11. A service charge of 2% compound per month (or part thereof) will be added to overdue accounts (28 days after the date of Auction is the overdue period for all unpaid accounts). In any event the title of any lots sold will not pass to the purchaser until the full amount of the purchasers auction account has been fully paid and remitted to the vendor, including any other service charges, storage or any other fees resulting from any late payments.
