# Welcome To IAGs Sale 87

*Welcome to our first Signature Auction for 2018! In this fabulous 830 lot auction we have some of the very best Banknotes that have been on offer in a long time! They present a great opportunity, as this market is becoming short of top quality material, with both prices and demand going up across the board! This auction has a fantastic and interesting lineup of material of every type and price range to suite any collector!*

*The recent collapse of Mossgreen auctions again serves to highlight just how difficult it can be to be successful in the auction game, even with the high commission rates that they were charging. Whilst this won't really impact the Numismatic market, we have heard from many of their unlucky vendors, some of whom even have to pay exorbitant fees to the administrators just to get their own items back! Queensland incidentally has the strictest Trust Account laws in the country, and these have been further tightened recently, meaning anyone who consigns with us is 100% safe, as their funds are protected at all times by our strict Qld specific Auction and Trust Account laws and procedures.*

*Our recent slight increase in buyers premium is a reflection of just how much our operating costs have gone up (we estimate by 30% over the last 5 years). We are still the ONLY Auction house to charge NO Sellers Commissions! We have extended our insurance policy to cover everything sent over \$200 in value due to the recent loss of several parcels by Australia Post. This ensures peace of mind for all of our buyers as everything we send will be fully covered against loss, with a mandatory charge added (at well under our cost), starting from only \$5 for parcels under \$1,000.*

*Vendors Note: You can submit items for our auctions completely online via our website! List your items for sale, add in details, upload pictures, retrieve invoices and even view your lots for sale all Online. This makes the process quicker and easier for all, and more frequent auctions means you get your money faster! For larger consignments, advise us first, post them off and let us take care of the rest!*

## Some Sale 87 Auction Highlights and more...

Five major collections comprise the majority of Sale 87, including some of the best Pre Decimal Banknotes we have seen in years. Highlights include one of the most exciting notes to hit the market in recent times - a 20 Pound 1914 Collins-Allen in high grade, estimated at \$110,000. Other rare issues from this collection include a 10 Shillings 1913 red serials (R 1c) and an Emergency Issue 1 Pound 1914 (R 19) in gFine, both estimated at \$18,000, along with a Rainbow Pound 1914 (R 20b) in gF/aVF estimated at \$14,000, a 1 Pound 1923 large prefix (R 22bL) in VG estimated at \$7,000 and a 5 Pound 1927 Note Issue Dept (R 41) in aFine, as well as many other key banknotes!

Another collection is from a hoard of banknotes, including an almost complete prefix run of 160 1 Pounds from 1927, ranging from VG-aU/UNC grade, with all 160 notes estimated at only \$58,000. There is also a superb 1 Pound pair 1923 Miller-Collins (R 23b) in aU/UNC, a run of 15 1 Pounds 1927 in virtually as printed state, a prefix run of 25 1 Pounds 1932 Thick and Thin Signatures, along with a unique 5 Pound 1949 Million serial numbered note estimated at \$14,000.

There are also some fantastic Pre Federation Specimen and rare B&W issues up to 50 Pound, 2 Pre Decimal Specimen notes - a 1 Pound 1933 and a 5 Pound 1954, as well as a number of rare Decimal Specimens including a full matched Polymer set presented to John Phillips.

The Dr Anthony Conn collection of GB, World and Australian coins is another fantastic highlight, with a hand selected range of choice graded coins, all NGC graded and featuring monarchs from Aethelred II to QE II. Some highlights include a Proof Gothic Crown 1847, GB Gold Sovereigns 1817, 1821, 1832 and Proof 1937, a 1687 Crown in aUNC, a gold Double Crown Charles I, Russian Roubles 1724 and 1733, a gold 5 Roubles 1889 in MS 63 and much more.

Another key coin highlight is a rare Proof 1930 Halfpenny, one of only a few known and estimated at \$55,000. This is among a strong selection of Pre Decimal Proofs including a 1935 Halfpenny and Penny, Proof Florins 1934 and 1938, a Proof Sixpence 1934 and many later date issues from 1955 on. There are also three 1813 Dumps on offer, a superb range of Pre Decimal silver and copper in high grade including many PCGS. Among these are a number of Florins including an MS 64 1910, MS 62 1911, MS 62 1919, MS 64 1923, MS 63 1924 and high grade examples such as 1932, 1914, 1915 & 1939 to name just a few, mostly reserved at a third to a half of catalogue or less! The crown jewel of the slabbed coins however is the equal finest known 1933 Shillings with great provenance, PCGS graded MS 65 and estimated at \$20,000.

Rare Mis-Strikes include 4 unique errors estimated at \$6,000 each - Two 1 Cents, a 1976 struck in silver and a 1978 struck in aluminium, along with two 20 Cents - a 1983 struck on a Copper blank, and a United Nations issue 1995 on a cupro-nickel blank. A key major error - a 5 Cent Mule with a Fiji Reverse also features. A superb range of Decimal Notes includes two full Decimal sets, one with consecutive pairs, and some rare Misprinted Banknotes that are also standouts, with a \$10 1990 run of 9 with two different signatures, a trio of \$10 missing all black print on the front and two NPA Polymer unissued Test notes just some of the highlights.

Once again this Amazing Sale has something for every collector, and every budget!

### The Dr Anthony Conn Collection

I have always had a love of history and from an early age had an interest in coins but I was 'stung' by the collector bug after a visit to the British Museum in London in early 2010. The British Museum had an excellent numismatic display and a coin shop was open immediately opposite! I was studying in Strasbourg at the time but resolved to buy some old British coins on my return to London. My primary interest and intent with the collection from its earliest days was to try and secure a high grade silver or gold coin from each English monarch. After 7 years, I succeeded in obtaining an example for each monarch from the start of the Tudor dynasty (when realistic portraiture first appeared on English coins) through to the present day.

As time went on however, my interests widened to include coins featuring noteworthy historical figures, and other coins that were numismatically significant were also on my radar – within my budget of course! The end result is a collection that features many denominations of British, Australian, European and world coinage, with a few highlights along the way – such as an 1847 gothic crown, 1817 sovereign, 1937 sovereign and a 1959 Vatican gold 100L just to name a few. There are some beautifully toned coins and some fine pre-conquest English silver, culminating in excellent portrait coins of Edward the Confessor and William the Conqueror. There is early European hammered gold and in particular, some fine French pieces too. The collection even dabbles in the coinages of Japan and India, South Africa, Canada

and the United States. It is my hope that the coins that have formed my collection go on to fill a niche in the collections of others and that they continue to be celebrated as the history and art that they most deservedly are.

# Terms And Conditions of Sale

*Please read the following "Terms of Sale" carefully. These terms are applicable to all floor, postal and online bidders in this auction. Submission of bids in this Auction constitutes your full acceptance of these "Terms of Sale".*

**1.** This is a public auction sale, NOT an approval sale. At the fall of the gavel or auctioneer's call of "Sold", all sales are then final, and any bid acknowledged and relied on by the auctioneer shall not be withdrawn. Bidding in this auction in any way confirms that the bidder personally guarantees all payments, and acknowledges and accepts the Terms and Conditions of sale as set out herein. The auctioneer has final discretion in all such matters. In case of a dispute, the lot(s) in question may be immediately resold. The auctioneer as represented here includes International Auction Galleries as an entity.

**2.** Payments must be made in full within 14 days of the sale date. No lots will be released until payment in full has been made. Payment may be made in Cash, by Personal Cheques (with proper identification, at the discretion of International Auction Galleries) by Bank Transfer or Major Credit Cards as stipulated. Successful Online/Postal bidders will be notified and issued an auction account. All such accounts must be fully finalised within 14 days of the sale date.

**3.** A 22% buyer's premium will be added to the knock down price of each lot (includes GST where applicable). **All payments by American Express will incur a 1.5% surcharge.**

**4.** Unless otherwise specifically stated by the auctioneer, each new bid shall be raised above the previous bid by such amount as is determined by the auctioneer during the course of the auction, and no party shall be allowed to retract his or her bid after acknowledgment by the auctioneer.

**5.** The auctioneer reserves the right to refuse any bid and to withdraw any goods from sale at any time, or to disclose any reserves or vendor information, without having to state any reason.

**6.** At the fall of the hammer, (if required by the Auctioneer), the purchaser shall give his or her full name and address, and pay 25% of the purchase price deposit. In default, the lot(s) purchased may, at the auctioneer's discretion, immediately be reoffered and resold. All lots sold will remain the property of the owner/vendor until cleared payment is made in full. Only then will the title of ownership of the lots pass to the purchaser, irrespective of any terms or deferment of payment.

**7.** Except as otherwise provided by state or federal law, no condition or warranty is given or implied by the auctioneer in respect of any lot offered for sale via auction. As all lots are given for inspection prior to the commencement of the sale, it shall be presumed that the goods have been inspected and that the purchaser accepts the goods are sold with all faults, and all lots are sold as is, on the basis of Caveat Empor. No error or mis-description of any lot shall give cause for an invalidation of sale or an abatement of price, and the auctioneer shall not be held responsible for any such error, despite all care being taken. All lots are inspected and offered in good faith to the best of our determination to be genuine as described (except where so noted), however no guarantee is undertaken with respect to refunds on this basis.

**8.** The auctioneer shall not be liable for any description or mis-description given on any of the goods presented here for sale in any way. Any statement as to the description of goods is given as a statement of opinion only as represented to the auctioneer, and is not to be relied on as a representation of fact. Whilst every effort is made, the auctioneer gives no warranty that the quantities or any grading given with respect to the description of any lot as stated is correct. All images used are given as a guide only, and are not guaranteed to be an accurate representation.

**9.** No lots purchased by a bidder may be returned, including

those lots where the bidder is acting as agent for another. There are no returns or refunds except for reason of lack of authenticity (as is stated in clause 7 and 8 above detailing liability). It is assumed that all intending bidders (including all postal and internet bidders) have obtained their own satisfaction and/or done due diligence on all lots before submitting any bids in any manner, and all bids thusly submitted are subject to the full terms and conditions of sale. Items purchased and submitted to third party grading immediately voids any and all further rights of return. The auctioneer accepts no responsibility for any mistakes in any postal or phone bidding conducted. Late remittance of payments constitutes just cause for revocation of all return privileges. In the event that a bidder is acting as an agent for another party, and that agency has not been disclosed to the auctioneer in writing 24 hours before the sale date, then the bidder is deemed by the auctioneer to be the final buyer in all respects, and is fully responsible for all payments, fees and charges. **In no event may any lot(s) be returned after Twenty One (21) days from the date of the auction. All sales are then final.**

**10.** If any purchaser fails to comply with any of conditions of sale as outlined here or if any monies paid in any way given on settlement of account for any goods is dishonoured or unfulfilled, then any monies which the purchaser has paid to the auctioneer on account of the purchase shall then be forfeited absolutely to the vendor. The auctioneer acting as agent for the vendor is at liberty to re-sell the lot(s) in any manner and upon such terms and conditions as they may deem proper and/or to then sue the purchaser for any loss or resulting damages as set out below. Damages include all losses and expenses incurred by the vendor or the auctioneer as well as all damages which the vendor or the auctioneer may sustain resulting from any re-sale and storage, which shall then be recovered from the purchaser as liquidated damages. The auctioneer (acting on behalf of the vendor) in the event of such resale is entitled to:

**a)** The total amount of any and all commissions and/or buyers premiums applicable or any other fees and commissions lost as a result of the purchaser defaulting on the purchase.

**b)** The full cost of advertising and all other expenses related to re-sale as deemed necessary, including any storage costs and insurance charges.

**c)** Any differential in price from the initial sale price to the price achieved in re sale of the items(s).

**11. A service charge of 2% compound per month (or part thereof) will be added to overdue accounts (28 days after the date of Auction is the overdue period for all unpaid accounts).** In any event the title of any lots sold will not pass to the purchaser until the full amount of the purchasers auction account has been fully paid and remitted to the vendor, including any other service charges, storage or any other fees resulting from any late payments.

**12.** Estimates are given only as a guide, and not given as starting points for bidding: Lots may sell for a price greater than or less than these estimates. All prices are in Australian Dollars.

**13.** Postage and Insurance: If a purchaser declines to pay the mandatory insurance charge applied to their account for cover during shipping/postage then they shall assume all responsibility for that item(s). Any possible loss or damage to that item(s) shall then be the purchaser's responsibility.

**14.** All images, text and information supplied in this catalogue remain the property of International Auction Galleries, and may not be used or transmitted in any way without written permission.
