Welcome To IAGs Sale 88

Welcome to our final Signature Auction for 2018! In this amazing 840 lot auction we have some of the very best and finest known in Rare Numismatics that have been seen in a long time! They present a unique buying opportunity, as items of this supreme quality and rarity are rarely offered! This auction also presents a fantastic and diverse range of material of every type and at every price point to suite every collector! If you are after the "Best of the Best", then Sale 88 is the auction for you!

The recent server issues are now behind us (an unfortunate issue caused by our service provider) and we have fully migrated our web-sites over to the new lightspeed servers, which, during the last Flash Sale, did indeed prove to work at near lightspeed! We were the first Auction House to run Online Auctions, starting this service nearly seven years ago. Our development is still continuing apace, and we provide this as a free service and do not charge to bid Online in any way (some companies charge up to an extra 5% to provide a similar, if less efficient service). Upgrading work is still progressing steadily, with a view to haveing things completed in the New Year.

Vendors Note: You can submit items for our auctions completely online via our website! List your items for sale, add in details, upload pictures, retrieve invoices and even view your lots for sale all Online. This makes the process quicker and easier for all, and more frequent auctions means you get your money faster! For larger consignments, advise us first, post them off and let us take care of the rest! And remember, our Trust Account laws means your funds are 100% safe at all times, with payment direct to your bank account 30 days after each Auction!

Some Sale 88 Auction Highlights and more...

The undisputed highlights of this sale - the finest known UNC Holey Dollar 1805 and the finest known GEM Adelaide Pound 1852 Type II need to be seen to be believed! The Holey Dollar is the only known mint state example in private hands and has never been auctioned here in Australia before, having previously been in collections in both New York and London. The Adelaide Pound was from the collection of Harold Hastings-Deerings, and gifted to Dr W Smith, and has also only been offered once before, where it set a record price for this coin. Again this coin is in perfect mint state, and far superior to any other example known. These two coins are right at the pinnacle of rarity and importance in Australian Numismatics, and opportunities to procure the 'Best of the Best' come by rarely, especially with two such historically significant coins.

In an amazing coincidence, our other key highlight sees two lots from different vendors make a consecutive pair. And not just any consecutive pair, but a pair of the extremely rare 20 Pounds 1913 Collins-Allen! Originally part of a larger run apparently once presented to the family portrayed on the back of the note, the notes are in lovely, fresh original condition and have never been offered as a pair before. Two separate lots that present one unique buying opportunity!

Other key highlights include a superb Proof Sovereign 1893M, which in virtually perfect proof state is not only very rare, but is also one of the nicest gold Proofs to ever hit the market. Estimated at \$40,000, it is sure to attract significant interest. A very rare Type 7 Kookaburra Penny is likewise a standout rare piece in superior grade for this issue. This is estimated at only \$38,000, a mere fraction of the original purchase price! A Holey Dollar 1813 (1807/10) is a fantastic, approachable coin for those searching for an example of this rare Colonial issue. In nice average aFine/Fine grade, the coin has good details and nice obverse countermarks.

Banknote highlights include four rare George V Specimens - a 5 Pound 1918 and a 20 Pound 1913 Colour Trial stand out, along with 10 Shillings and 1 Pound Specimens of Riddle-Sheehan. There are also a number of Pre Federation issued and Specimen notes including two 100 Pounds, three Hay Internment

Camps note issues including one Trial issue, a good selection of eight Decimal Specimens, a selection of NPA Trial polymer notes along with a great selection of Misprinted Banknotes. Other items of note include a \$20 Coombs-Randall pair in GEM UNC 66, along with a selection of Decimal and Predecimal Starnotes including a rare 5 Pound with mis-matched serial numbers, a 10 Shillings 1942 Million Serials and a \$1 Million note AAA 1 000 000, along with First and Last Prefixes, Misprints, and so much more!

Other significant coin highlights include a number of Pre Decimal Proofs, including a Proof 1930 Halfpenny, one of only three known, along with a 1935 Halfpenny and Penny pair, a single 1935 Halfpenny, Pennies of 1919, 1938, 1944Y, Sixpence 1934 and Florin 1938. A collection of Copper includes key issues from 1914, 1915, 1915H, 1918, 1925, 1931 drop 1 and 1933/2 - all in Ch.UNC or better. There is also a 1930 Penny, an 1852 Adelaide Pound Type II in EF and a large quantity of gold, silver and copper Pre Decimal issues in high grade, many PCGS graded.

To round out the superb offerings are some rare Mis-Strikes, including a double "Tails" Penny and a George V full brockage Penny, along with a number of decimal mis-strikes including a Baby Proof set with a uniface \$1. There is a fantastic selection of British coins including a number of Crowns from 1551 on, as well as Gold issues including several sets, a superb selection of World Gold, Silver and Copper issues as well as many Modern Bullion Mint issues. A complete set of WW II Internment Camp coins includes all varieties and is in high grade is a significant addition, along with Decimal, Mint Products, unreserved, estate, bulk lots and so much more!

Once again this Amazing Sale has something for every collector, and every budget!

Happy Collecting to All.

440 Hole Dollar 1813 NSW. Struck on a Mexico 8 Reales 1805TH Charles III (Mira/Noble 1805/13). Ex Howard D. Gibbs (H.M.F Schulman Sale New York November 1960) and Arthur Chesser collections (UK), and Coinworks by private treaty. Lovely old steel purple/green/grey tone on a mint state host coin, with traces of mint lustre. Amazingly, the Obverse denticles, fleur de lis, leaves and the H (for Henshell - the maker) in the counterstamp are as struck with full detail and well centred. Detail on the Reverse New South Wales 1813 is again sharp and clear with full denticles. A superb example that has perhaps the best eye appeal of any Hole Dollar we have seen. The Finest Known and the only such example in mint state condition. A superb Colonial rarity of the highest importance. *UNC*

Ex Harold Hastings-Deerings (1962) to Dr Smith via Hasting-Deerings will (1970s), and Coinworks Eminent Colonials Auction August 2012 (sold for \$370,000 the first time this coin had been publicly offered). Described to me in a recent discussion with Barrie Winsor as- By far the best Type II Adelaide Pound- and we can only but agree. - 607 1966 Coombs-Wilson AAA (R 71FM). First prefix Million numbered serials AAA 1 000 000. The very first \$1 Million serial number printed, and possibly the first ever decimal Million note? Folds, small edge tear and edge split, some rust spotting. From a Commercial Bank of Australia teller (now Westpac), in Albury. -The notes were packed in bundles of 100 with a strap around them - when we got them, we had to count them and fold them into lots of 10. When I was counting them, I saw the serial number and thought - Gee, I'll keep that one. I wish I could've kept the whole bundle, but my salary was around \$15 a week, so even a \$1 was a lot of money for me. Friday night would come around and I'd need to get some money so I could head to the pub, so I swapped it in and out of the till with one of my own dollar notes every now and then. *gVF*

Terms And Conditions of Sale

Please read the following "Terms of Sale" carefully. These terms are applicable to all floor, postal and online bidders in this auction. Submission of bids in this Auction constitutes your full acceptance of these "Terms of Sale".

1. This is a public auction sale, NOT an approval sale. At the fall of the gavel or auctioneer's call of "Sold", all sales are then final, and any bid acknowledged and relied on by the auctioneer shall not be withdrawn. Bidding in this auction in any way confirms that the bidder personally guarantees all payments, and acknowledges and accepts the Terms and Conditions of sale as set out herein. The auctioneer has final discretion in all such matters. In case of a dispute, the lot(s) in question may be immediately resold. The auctioneer as represented here includes International Auction Galleries as an entity.

2. Payments must be made in full within 14 days of the sale date. No lots will be released until payment in full has been made. Payment may be made in Cash, by Personal Cheques (with proper identification, at the discretion of International Auction Galleries) by Bank Transfer or Major Credit Cards as stipulated. Successful Online/Postal bidders will be notified and issued an auction account. All such accounts must be fully finalised within 14 days of the sale date.

3. A 22% buyer's premium will be added to the knock down price of each lot (includes GST where applicable). Payment by Visa and Mastercard is welcome with no surcharge. **We do not accept AMEX.**

4. Unless otherwise specifically stated by the auctioneer, each new bid shall be raised above the previous bid by such amount as is determined by the auctioneer during the course of the auction, and no party shall be allowed to retract his or her bid after acknowledgment by the auctioneer.

5. The auctioneer reserves the right to refuse any bid and to withdraw any goods from sale at any time, or to disclose any reserves or vendor information, without having to state any reason.

6. At the fall of the hammer, (if required by the Auctioneer), the purchaser shall give his or her full name and address, and pay 25% of the purchase price deposit. In default, the lot(s) purchased may, at the auctioneer's discretion, immediately be reoffered and resold. All lots sold will remain the property of the owner/vendor until cleared payment is made in full. Only then will the title of ownership of the lots pass to the purchaser, irrespective of any terms or deferment of payment.

7. Except as otherwise provided by state or federal law, no condition or warranty is given or implied by the auctioneer in respect of any lot offered for sale via auction. As all lots are given for inspection prior to the commencement of the sale, it shall be presumed that the goods have been inspected and that the purchaser accepts the goods are sold with all faults, and all lots are sold as is, on the basis of Caveat Empor. No error or mis-description of any lot shall give cause for an invalidation of sale or an abatement of price, and the auctioneer shall not be held responsible for any such error, despite all care being taken. All lots are inspected and offered in good faith to the best of our determination to be genuine as described (except where so noted), however no guarantee is undertaken with respect to refunds on this basis.

8. The auctioneer shall not be liable for any description or mis-description given on any of the goods presented here for sale in any way. Any statement as to the description of goods is given as a statement of opinion only as represented to the auctioneer, and is not to be relied on as a representation of fact. Whilst every effort is made, the auctioneer gives no warranty that the quantities or any grading given with respect to the description of any lot as stated is correct. All images used are given as a guide only, and are not guaranteed to be an accurate representation.

9. No lots purchased by a bidder may be returned, including

those lots where the bidder is acting as agent for another. There are no returns or refunds except for reason of lack of authenticity (as is stated in clause 7 and 8 above detailing liability). It is assumed that all intending bidders (including all postal and internet bidders) have obtained their own satisfaction and/or done due diligence on all lots before submitting any bids in any manner, and all bids thusly submitted are subject to the full terms and conditions of sale. Items purchased and submitted to third party grading immediately voids any and all further rights of return. The auctioneer accepts no responsibility for any mistakes in any postal or phone bidding conducted. Late remittance of payments constitutes just cause for revocation of all return privileges. In the event that a bidder is acting as an agent for another party, and that agency has not been disclosed to the auctioneer in writing 24 hours before the sale date, then the bidder is deemed by the auctioneer to be the final buyer in all respects, and is fully responsible for all payments, fees and charges. **In no event may any lot(s) be returned after Twenty One (21) days from the date of the auction. All sales are then final.**

10. If any purchaser fails to comply with any of conditions of sale as outlined here or if any monies paid in any way given on settlement of account for any goods is dishonoured or unfulfilled, then any monies which the purchaser has paid to the auctioneer on account of the purchase shall then be forfeited absolutely to the vendor. The auctioneer acting as agent for the vendor is at liberty to re-sell the lot(s) in any manner and upon such terms and conditions as they may deem proper and/or to then sue the purchaser for any loss or resulting damages as set out below. Damages include all losses and expenses incurred by the vendor or the auctioneer as well as all damages which the vendor or the auctioneer may sustain resulting from any re-sale and storage, which shall then be recovered from the purchaser as liquidated damages. The auctioneer (acting on behalf of the vendor) in the event of such resale is entitled to:

a) The total amount of any and all commissions and/or buyers premiums applicable or any other fees and commissions lost as a result of the purchaser defaulting on the purchase.

b) The full cost of advertising and all other expenses related to re-sale as deemed necessary, including any storage costs and insurance charges.

c) Any differential in price from the initial sale price to the price achieved in re sale of the items(s).

11. A service charge of 2% compound per month (or part thereof) will be added to overdue accounts (28 days after the date of Auction is the overdue period for all unpaid accounts). In any event the title of any lots sold will not pass to the purchaser until the full amount of the purchasers auction account has been fully paid and remitted to the vendor, including any other service charges, storage or any other fees resulting from any late payments.

12. Estimates are given only as a guide, and not given as starting points for bidding: Lots may sell for a price greater than or less than these estimates. All prices are in Australian Dollars.

13. Postage and Insurance: If a purchaser declines to pay the mandatory insurance charge applied to their account for cover during shipping/postage then they shall assume all responsibility for that item(s). Any possible loss or damage to that item(s) shall then be the purchaser's responsibility.

14. All images, text and information supplied in this catalogue remain the property of International Auction Galleries, and may not be used or transmitted in any way without written permission.
