# Welcome To IAGs Sale 91

*Welcome to our 35th Anniversary Sale! This significant milestone deserved to be a landmark auction -one that will continue to be considered a benchmark in another 35 years - and we have delivered on that in spades with this incredible offering!*

*Over the last 35 years I have seen the Numismatic wheel go full circle (and then some). We have seen some interesting developments over that time, with some areas of Numismatics falling out of favour whilst other markets such as decimal, polymer notes and slabbed coins have emerged to engage the newer generations of collectors. Part of the beauty of collecting Numismatics is that there is always a new area of interest to explore, and another moment in history to acquire your small piece of. Prices have fluctuated greatly throughout this period, with some things back to pricing levels not seen since the late 80's and early 90's. The diminishing amount of quality material seen on the market means it is only going to be a matter of time now before many things take off again, so don't be caught napping with the many fantastic offerings in this sale and regret it later!*

*Ever since I bought my first coin in the early 1970's in my Father's salerooms (a Choice full red 1946 Penny for \$12), I have been supported, taught and mentored by so many people in the industry, many of whom have also become friends. So to all those many dealers who I have worked with over the past 35 years, I'm so very grateful for their knowledge and shared experiences. Likewise to our continually growing family of buyers, many of whom have been with us right from our development years, and our many vendors past and present; we thank you for your faith in IAG and the privilege of presenting such an amazing range of Numismatic material to the market! I truly believe that a key thing that sets us apart is our care and consideration extended to both our buyers and vendors, big and small.*

*IAG is a team effort, and we couldn't do what we do without the help of our Numismatic (and actual) family. My wife Moana, with her unending patience (mostly with me), her photography, copy writing and circus-worthy juggling act. My long-term office manager and all-round superhero Susan, who holds the fort and the purse strings with equal fervor, putting in many late nights to ensure our service standards are upheld and auction parcels get out with inhuman speed, and for her loyalty and professionalism over many years. Christo, our Head of IT and all round tech guru, without whom the developments with our online system and our stunning auction catalogues would never be possible, and whose dedication means we can open auctions and send emails, often after midnight! Special thanks also to my mother and father, who are still an integral part of the auction team after more than 50 years, and my sister Nicole and her husband Darren who step in to help out whenever needed!*

## Some Sale 91 Auction Highlights and more...

Some of the spectacular highlights of this Sale include a superb Pattern 1920 Star Shilling and Florin pair, one of only 7 such examples struck and with only three in private hands. Estimated at a conservative \$80,000 each, these highly important rarities are sure to attract significant interest! Alongside these is an aUnc 1852 Adelaide Pound Type I, estimated at \$100,000, a keen price for this major rarity that is amongst the finest known of this type, a significant Colonial rarity in an attractive 1896 Holely Dollar in gVF grade (estimated at \$140,000) and the finest known Type II Adelaide Pound, estimated at \$325,000.

Several large collections were received early in the New Year, predominantly made up of a large collection of Pre Decimal and Decimal Banknotes and Pre Federation, as well as Pre Decimal Starnotes, Specimens and much more. These are highlighted by a consecutive pair of 1 Pounds 1918 in gEF. There is also a full collection of PCGS and NGC graded Florins, three 1930 Pennies including a PCGS graded VF 25 example, Proof Pre Decimal coins including 1934 and 1951PL sets and a 1937 Crown. To top this off is an 1813 Dump and a Type 3 and Type 12 Kookaburra Penny.

An important and interesting collection of Captain Cook Exploration Medals is an exciting offering, with three different issues of Resolution and Adventure Medals – in bronze, copper and silver, as well as a gilt copper Cook Courage and Perseverance Medal. This example, struck after Cook's death, appears to be unique and is sure to be keenly sought, along with the rest of these rare and historic colonial reminders.

A banknote favourite of mine has always been the 50 Pound 'Parkes' Specimen note, a unique piece of banknote history featuring the Father of Federation Henry Parkes. Estimated at only \$40,000, this rare note is one I would happily buy myself. Another key banknote is the unique 10 Pound 1913 Specimen, sure to be well sought at the \$65,000 estimate. Other notable offerings include a 1 Pound 1918 pair in gEF, Pre Federation issued and Specimen notes and Pre Decimal Starnotes in high grade from Geo VI and QE II (including a rare Unc 5 Pound Starnote). The solid selection of Specimen notes includes both paper and polymer issues. The Decimal Starnotes are highlighted by a consecutive Trio of UNC \$5 1969 Phillips-Randalls, and Decimal Banknotes by a trio of superb \$20 Coombs-Randalls in Gem UNC PCGS graded 66 OPQ.

The World coins being offered include two Waitangi Crowns (one in a full Proof set), a choice selection of British coins, gold issues and some spectacular and rare Decimal Mis-strikes, which all make for a worthy selection in this landmark auction.

We would like to again thank all of our customers and colleagues who have been along with us over our 35 year journey – the best is yet to come!

### Captain Cook Exploration Medals

- 731 Captain James Cook Resolution and Adventure Medal 1772. George III. Struck in brass (platina) (42mm). An ideal example of this historic medal, struck for distribution to the natives met by Captain James Cook on his second and third voyages to the Pacific. This example was clearly distributed and saw some wear, leaving it smoothed at the high points, with deep olive brown surfaces. With hole at top on rim from where the loop mounting was once attached. The Reverse die is broken, as seen on all awarded examples, 2000 of which were struck in brass alloy that was called "platina" at the time. Very rare. *gVF*

The design was engraved by John Westwood and struck at the Soho Mint of Boulton and Fothergill in 1772. Only 106 were struck in silver. Beautifully toned, nearly mint state and one of the finest known. Extremely rare. *aUNC*

The medal is awarded annually for outstanding achievements in research in any branch of science. It is thought to be the world's oldest scientific prize and was awarded 170 years before the first Nobel Prize. A gold example was awarded to Captain James Cook in 1776 for his Paper, giving an account of the method he had taken to preserve the health of the crew of H.M. # Terms And Conditions of Sale

*Please read the following "Terms of Sale" carefully. These terms are applicable to all floor, postal and online bidders in this auction. Submission of bids in this Auction constitutes your full acceptance of these "Terms of Sale".*

**1.** All Bids expressed either via Online or live in the saleroom shall remain valid until the fall of the gavel or auctioneer's call of "Sold". All sales are then final. Any bid(s) from any source as acknowledged and relied on by the auctioneer shall not be withdrawn. Bidding in this auction in any way confirms that the bidder personally guarantees all payments, and acknowledges and accepts the Terms and Conditions of sale as set out herein. The auctioneer has final discretion in all such matters. In case of a dispute, the lot(s) in question may be immediately resold. The auctioneer as represented here includes International Auction Galleries as an entity.

**2.** Auction payments must be made in full within 14 days of the sale date. No lots will be released until payment in full has been made. Payment may be made in Cash, by Personal Cheques (with proper identification, at the discretion of International Auction Galleries) by Bank Transfer or Major Credit Cards as stipulated. Successful Online/Postal bidders will be notified and issued an auction account. All such accounts must be fully finalised within 14 days of the sale date.

**3.** A 22% buyer's premium will be added to the knock down price of each lot (includes GST where applicable). Payment by Visa and Mastercard is welcome with no surcharge. **We do not accept AMEX.**

**4.** Unless otherwise specifically stated by the auctioneer, each new bid shall be raised above the previous bid by such amount as is determined by the auctioneer during the course of the auction, and no party shall be allowed to retract his or her bid after acknowledgment by the auctioneer.

**5.** The auctioneer reserves the right(s) to refuse any bid, withdraw any goods from sale at any time, or disclose reserves or vendor information without having to state any reason.

**6.** At the fall of the hammer, (if required by the Auctioneer), the purchaser shall give his or her full name and address, and pay 25% of the purchase price deposit. In default, the lot(s) purchased may, at the auctioneer's discretion, immediately be reoffered and resold. All lots sold will remain the property of the owner/vendor until cleared payment is made in full. Only then will the title of ownership of the lots pass to the purchaser, irrespective of any terms or deferment of payment. Payment on approved dealer/trade accounts must be cleared and finalised within 28 days of sale.

**7.** Except as otherwise provided by state or federal law, no condition or warranty is given or implied by the auctioneer in respect of any lot offered for sale via auction. As all lots are given for inspection prior to the commencement of the sale, it shall be presumed that the goods have been inspected and that the purchaser accepts the goods are sold with all faults, and all lots are sold as is, on the basis of Caveat Emptor. No error or mis-description of any lot shall give cause for an invalidation of sale or an abatement of price, and the auctioneer shall not be held responsible for any such error, despite all care being taken. All lots are inspected and offered in good faith to the best of our determination to be genuine as described (except where so noted), however no guarantee is undertaken with respect to refunds on this basis.

**8.** The auctioneer shall not be liable for any description or mis-description given on any of the goods presented here for sale in any way. Any statement as to the description of goods is given as a statement of opinion only as represented to the auctioneer, and is not to be relied on as a representation of fact. Whilst every effort is made, the auctioneer gives no warranty that the quantities or any grading given with respect to the description of any lot as stated is correct. All images used are given as a guide only, and are not guaranteed to be an accurate representation.

**9.** No lots purchased by a bidder may be returned, including those lots where the bidder is acting as agent for another. There are no returns or refunds except for reason of lack of authenticity (as is stated in clause 7 and 8 above detailing liability). It

is assumed that all intending bidders (including all postal and internet bidders) have obtained their own satisfaction and/or done due diligence on all lots before submitting any bids in any manner, and all bids thusly submitted are subject to the full terms and conditions of sale. Items purchased and submitted to third party grading immediately voids any and all further rights of return. The auctioneer accepts no responsibility for any mistakes in any postal or phone bidding conducted. Late remittance of payments constitutes just cause for revocation of all return privileges. In the event that a bidder is acting as an agent for another party, and that agency has not been disclosed to the auctioneer in writing 24 hours before the sale date, then the bidder is deemed by the auctioneer to be the final buyer in all respects, and is fully responsible for all payments, fees and charges. **In no event may any lot(s) be returned after Twenty One (21) days from the date of the auction. All sales are then final.**

**10.** If any purchaser fails to comply with any of conditions of sale as outlined here or if any monies paid in any way given on settlement of account for any goods is dishonoured or unfulfilled, then any monies which the purchaser has paid to the auctioneer on account of the purchase shall then be forfeited absolutely to the vendor. The auctioneer acting as agent for the vendor is at liberty to re-sell the lot(s) in any manner and upon such terms and conditions as they may deem proper and/or to then sue the purchaser for any loss or resulting damages as set out below. Damages include all losses and expenses incurred by the vendor or the auctioneer as well as all damages which the vendor or the auctioneer may sustain resulting from any re-sale, storage, debt recovery, legal fees and/or court costs which shall then be recovered from the purchaser as liquidated damages. The auctioneer (acting on behalf of the vendor) in the event of such resale is also entitled to the expenses as set out below:

**a)** The total amount of any and all commissions and/or buyers premiums applicable or any other fees and commissions lost as a result of the purchaser defaulting on the purchase.

**b)** The full cost of advertising and all other expenses related to re-sale as deemed necessary, including recovery and legal fees, court costs, interest, storage costs and insurance charges.

**c)** Any differential in price from the initial sale price to the price achieved in re sale of the items(s).

**11. A service charge of 2% compound per month (or part thereof) will be added to overdue accounts (28 days after the date of Auction is the overdue period for all unpaid accounts).** In any event the title of any lots sold will not pass to the purchaser until the full amount of the purchasers auction account has been fully paid and remitted to the vendor, including any other service charges, storage or any other fees resulting from any late payments.

**12.** Estimates are given as a guide, and not given as starting points for bidding: Lots may sell for a price greater or less than these estimates. All prices are in Australian Dollars.

**13.** Postage and Insurance: If a purchaser declines to pay the mandatory insurance charge applied to their account for cover during shipping/postage then they shall assume all responsibility for that item(s). Any possible loss or damage to that item(s) shall then be the purchaser's responsibility.

**14.** By accepting these Terms and Conditions and making any bid, the bidder guarantees that they have the funds or ability to pay for any and all items bid on (including any buyer's premiums, insurance and postage as required) within the stipulated timeframe as set out above and as part of the Auction Terms and Conditions.
