Welcome To IAGs Signature Sale 97

Welcome to our first auction for 2023! Sale 97 is our biggest ever auction, with a huge selection of 2,120 high quality, rare, interesting and collectable lots from almost 100 vendors including several large estates and old collections. We are once again privileged to be able to offer such a high quality selection across the board in this sale, with one of the largest selections of desirable and sought after material we have ever offered! Thanks go to all of the vendors in Sale 97 for helping us put together this fantastic sale - we know you won't be disappointed!

Writing this is always the last thing I do before we get the catalogue to the printers, in a way it is a final celebration of the thousands of hours of work that go into making a large and complex auction such as this all fit together! It also gives me a chance to reflect on the items in each sale as I ponder some of the highlights worth pointing out; and I'm pleased to say that this auction has been quite a task, given just how much fantastic material is packed into this one sale!

Apologies to the dozen or so vendors who missed out on consigning to this auction, we did try and squeeze in as much as we possibly could, but time and size restraints ultimately ended up defining what we could and couldn't fit in. For potential vendors, please ensure to get items to us in future as soon as possible, and note that our Signature Sales usually close off 6-8 weeks before the auction date (the website is a good tool as it kept up to date with auction details, dates and times). We will likely be doing four auctions this year; an Online Sale in June (OS 20), another Signature Sale in September (S 98), and another Online Sale late in the year (OS 21, probably in December). We are well underway cataloguing for OS 20 already, and have several big things in the works for Sale 98, so if you are thinking of consigning to our upcoming auctions, please get in touch with us ASAP.

We are still seeing strong demand, with many numismatic areas outstripping supply, and expect this to continue with the large number of new buyers coming into the market, especially from the Decimal coinage starting point. Again, this auction presents a great buying opportunity, with a wide selection of keenly priced items (including a quantity of gold) in this sale, highlighted by lots of fresh and high quality collectable material priced to meet the market on offer.

Some Sale 97 Auction Highlights and more...

This auction features the 'Sampson Hoard' - an old, previously undiscovered hoard of Pre Decimal Banknotes with over 6,100 Pounds just at face value from the 1940's - 1950's. Included in this large find is a rare and original entire bundle of 100 consecutive 1949 One Pounds! It is rare to see such a large, original old hoard of notes, and being more general grade issues actually means that they are sure to be keenly sought by banknote collectors!

The highlights keep on coming in this landmark sale, with two better-grade 1930 Pennies in aVF/VF; sure to be keenly contested as these are amongst the best examples of this in-demand issue seen in recent years. Other coin highlights include an Unc Adelaide Pound Type II, a 1921 Square Kookaburra Penny Type 12 SP 65, and a gF/aVF Dump. A large selection of early Pre Decimal Proof coins is highlighted by a 1938 Crown along with a full 1938 six coin set, a 1924 Proof Penny, 1935 and 1942I copper pairs and a 1936 Proof Sixpence, along with a full QE II date set mostly in Choice FDC condition.

Other coins of note include a Specimen-like 1932 Florin (one of the finest known), a Gem 1934/5 Specimen Florin with fully struck up nipple, a 1916 Specimen Shilling, a 1923 Halfpenny in gEF, a 1933 Shilling in Ch.Unc/Gem and a huge selection of almost 500 lots of Pre Decimal, including many high grade examples and PCGS graded coins, sets, bulk and estate lots.

Banknotes of note include three rare Superscribed notes; One Pound on The Bank of Australasia, a Union Bank in nice condition, and a unique 20 Pound Union Bank, now being re-offered at a reduced price to sell. Along

with these are a unique 5 Pound Starnote with 7 digits 100 000*, one of only two known 10 Shilling Specimens from 1939, a 10 Pound Specimen from 1954 and a 10 Shilling 1913 Red Serials (R 1c) in gVF, along with a strong selection of Pre Federation issues, rare Pre Decimal banknotes and choice Pre Decimal Starnotes including two 10 Shilling pairs.

A huge selection of Decimal Banknotes features fourteen Specimen notes including rare polymer specimen issues and a 1 Dollar TAA issue, a 1 Dollar 999 999 and 1 000 000 serial numbered pair, a great selection of decimal Starnotes including some pairs in UNC, First and Last Prefixes, Misprints and numerous bundles including three 1 Dollar DPS Last Prefix and two 10 Dollars from 1991.

Part two of an old estate features (amongst other things) well over 100 decimal mint rolls. Added to this is a huge selection of gold with over 200 Half Sovereigns and Sovereigns, including rare dates such as an 1856 Sydney Mint Half Sovereign in aUnc and an 1855 Sydney Mint Sovereign PCGS AU 50 and modern bullion issues including fifteen RAM and Perth Mint proof sets. Hundreds of mint issues include some popular coloured 1 kilo silver gemstone issues, a complete Planetary set, ANDA show issues, NPA and so much more!

We hope that everyone enjoys this fantastic selection we have for you in Signature Sale 97.

Terms And Conditions of Sale

Please read the following "Terms of Sale" carefully. These terms are applicable to all floor, postal and online bidders in this auction. Submission of bids in this Auction constitutes your full acceptance of these "Terms of Sale".

1. All Bids expressed either via Online or live in the saleroom shall remain valid until the fall of the gavel or auctioneer's call of "Sold". All sales are then final. Any bid(s) from any source as acknowledged and relied on by the auctioneer shall not be withdrawn. Bidding in this auction in any way confirms that the bidder personally guarantees all payments, and acknowledges and accepts the Terms and Conditions of sale as set out herein. The auctioneer has final discretion in all such matters. In case of a dispute, the lot(s) in question may be immediately resold. The auctioneer as represented here includes International Auction Galleries as an entity.

2. Auction payments must be made in full within 14 days of the sale date. No lots will be released until payment in full has been made. Payment may be made in Cash, by Personal Cheques (with proper identification, at the discretion of International Auction Galleries) by Bank Transfer or Major Credit Cards as stipulated. Successful Online/Postal bidders will be notified and issued an auction account. All such accounts must be fully finalised within 14 days of the sale date.

3. A 22% buyer's premium will be added to the knock down price of each lot (includes GST where applicable). Payment by Visa and Mastercard is welcome with no surcharge. **We do not accept AMEX.**

4. Unless otherwise specifically stated by the auctioneer, each new bid shall be raised above the previous bid by such amount as is determined by the auctioneer during the course of the auction, and no party shall be allowed to retract his or her bid after acknowledgment by the auctioneer.

5. The auctioneer reserves the right(s) to refuse any bid, withdraw any goods from sale at any time, or disclose reserves or vendor information without having to state any reason.

6. At the fall of the hammer, (if required by the Auctioneer), the purchaser shall give his or her full name and address, and pay 25% of the purchase price deposit. In default, the lot(s) purchased may, at the auctioneer's discretion, immediately be reoffered and resold. All lots sold will remain the property of the owner/vendor until cleared payment is made in full. Only then will the title of ownership of the lots pass to the purchaser, irrespective of any terms or deferment of payment. Payment on approved dealer/trade accounts must be cleared and finalised within 28 days of sale.

7. Except as otherwise provided by state or federal law, no condition or warranty is given or implied by the auctioneer in respect of any lot offered for sale via auction. As all lots are given for inspection prior to the commencement of the sale, it shall be presumed that the goods have been inspected and that the purchaser accepts the goods are sold with all faults, and all lots are sold as is, on the basis of Caveat Emptor. No error or mis-description of any lot shall give cause for an invalidation of sale or an abatement of price, and the auctioneer shall not be held responsible for any such error, despite all care being taken. All lots are inspected and offered in good faith to the best of our determination to be genuine as described (except where so noted), however no guarantee is undertaken with respect to refunds on this basis.

8. The auctioneer shall not be liable for any description or mis-description given on any of the goods presented here for sale in any way. Any statement as to the description of goods is given as a statement of opinion only as represented to the auctioneer, and is not to be relied on as a representation of fact. Whilst every effort is made, the auctioneer gives no warranty that the quantities or any grading given with respect to the description of any lot as stated is correct. All images used are given as a guide only, and are not guaranteed to be an accurate representation.

9. No lots purchased by a bidder may be returned, including those lots where the bidder is acting as agent for another. There are no returns or refunds except for reason of lack of authenticity (as is stated in clause 7 and 8 above detailing liability). It

is assumed that all intending bidders (including all postal and internet bidders) have obtained their own satisfaction and/or done due diligence on all lots before submitting any bids in any manner, and all bids thusly submitted are subject to the full terms and conditions of sale. Items purchased and submitted to third party grading immediately voids any and all further rights of return. The auctioneer accepts no responsibility for any mistakes in any postal or phone bidding conducted. Late remittance of payments constitutes just cause for revocation of all return privileges. In the event that a bidder is acting as an agent for another party, and that agency has not been disclosed to the auctioneer in writing 24 hours before the sale date, then the bidder is deemed by the auctioneer to be the final buyer in all respects, and is fully responsible for all payments, fees and charges. **In no event may any lot(s) be returned after Twenty One (21) days from the date of the auction. All sales are then final.**

10. If any purchaser fails to comply with any of conditions of sale as outlined here or if any monies paid in any way given on settlement of account for any goods is dishonoured or unfulfilled, then any monies which the purchaser has paid to the auctioneer on account of the purchase shall then be forfeited absolutely to the vendor. The auctioneer acting as agent for the vendor is at liberty to re-sell the lot(s) in any manner and upon such terms and conditions as they may deem proper and/or to then sue the purchaser for any loss or resulting damages as set out below. Damages include all losses and expenses incurred by the vendor or the auctioneer as well as all damages which the vendor or the auctioneer may sustain resulting from any re-sale, storage, debt recovery, legal fees and/or court costs which shall then be recovered from the purchaser as liquidated damages. The auctioneer (acting on behalf of the vendor) in the event of such resale is also entitled to the expenses as set out below:

a) The total amount of any and all commissions and/or buyers premiums applicable or any other fees and commissions lost as a result of the purchaser defaulting on the purchase.

b) The full cost of advertising and all other expenses related to re-sale as deemed necessary, including recovery and legal fees, court costs, interest, storage costs and insurance charges.

c) Any differential in price from the initial sale price to the price achieved in re sale of the item(s).

11. A service charge of 2% compound per month (or part thereof) will be added to overdue accounts (28 days after the date of Auction is the overdue period for all unpaid accounts). In any event the title of any lots sold will not pass to the purchaser until the full amount of the purchasers auction account has been fully paid and remitted to the vendor, including any other service charges, storage or any other fees resulting from any late payments.

12. Estimates are given as a guide, and not given as starting points for bidding: Lots may sell for a price greater or less than these estimates. All prices are in Australian Dollars.

13. Postage and Insurance: If a purchaser declines to pay the mandatory insurance charge applied to their account for cover during shipping/postage then they shall assume all responsibility for that item(s). Any possible loss or damage to that item(s) shall then be the purchaser's responsibility.

14. By accepting these Terms and Conditions and making any bid, the bidder guarantees that they have the funds or ability to pay for any and all items bid on (including any buyer's premiums, insurance and postage as required) within the stipulated timeframe as set out above and as part of the Auction Terms and Conditions.

15. All images, text and information supplied in this catalogue remain the property of International Auction Galleries, and may not be used or transmitted in any way without prior written permission. Note - Images may not be shown to scale.
