Welcome To IAGs Signature Sale 98

Welcome to the final IAG auction for 2023! Whilst Signature Sale 98 isn't quite our biggest ever auction, I think it certainly ranks right up there amongst our very best in terms of the quality and range of lots and highlights on offer! We had intended for this auction to be around 2,600 lots and to be held over four days, however the logistics of reconfiguring our auction program to run over four days (and then running it untested) didn't seem like a smart idea, so we have shelved this for now until we have time to make sure it all works as intended. Consequently, some lots have been moved to our next auction; Signature Sale 99 in March 2024. As there was some duplication of similar lots already listed in Sale 98, we felt at the end of the day that this was the best solution for both the vendors and buyers. Hopefully Sale 99 in 2024 will be able to be run as a four day sale.

Firstly, let me thank the 100+ vendors in Sale 98 for providing us with this fantastic selection of 2,100 high quality, rare, interesting and collectable lots. We are once again privileged to be able to offer such a high quality selection of material across the board, making this one of the largest selections of covetable and sought after items we have offered!

Secondly, apologies to the twenty or so vendors that contacted us either too late or when we already had sections full of the same sort of items. We will try and accommodate them in the next sale, but be quick, as we already have almost 1,000 lots for next year ready to go! Remember too that we usually close off our Signature Sales about 8 weeks before the sale date, to enable us to get everything finalised and the catalogue to print in time to be posted.

Finally, there will be no Online Sale (OS 21) this December/January, as we are all so burnt out from this year that we need to take some time out and enjoy our Christmas break instead of working! We are planning on Sale 99 being relatively early in March as compensation, so please keep this in mind. The next Online sale - OS 21, will be midyear in 2024, around the June sort of time.

We are still seeing that the strong demand in the market is outstripping supply, especially for rarer and higher grade items where supply is gradually tapering off, and we'd expect this to continue, especially with the number of new buyers coming into the market. This auction in particular presents a great buying opportunity, with a wide selection of high quality and rare items and keenly priced lots, highlighted by a huge selection of fresh to market material.

Some Sale 98 Auction Highlights and more...

This auction features three really key coin highlights that couldn't be more different, but that are truly rare and unique in their own ways! The 1897M Proof Half Sovereign is a gem of a coin, with a beautiful frosty portrait and mirror fields. This coin is the true epitome of what a high end 'Fleur de Coin' proof example should be! Being a proof only year only adds to the desirability of this rare highlight.

The 1916 Mule Halfpenny has always been a bit of an enigma, shrouded in mystery and intrigue, however one thing is certain, examples of this rarely sighted "unicorn" coin always attract significant attention. It exhibits a nice overall even brown colouring, with a great Reverse and is sure to be highly sought after, as opportunities to acquire this rare issue come around rarely.

Another "unicorn" (but this time a modern day one), is the Gold Pattern "Goose" dollar. Silver examples of this attractive modern issue, struck in 1967 for The Australian Coin Review, are always in high demand. The gold issue, with only 10 struck and a tiny 7 of those remaining, is a on another level entirely. This is a superior example and one of the nicest (if not the nicest) I have seen of this famous issue.

The highlights keep on coming in this landmark sale, with two superb banknote lots of extreme rarity, both of which are different examples of trial notes. The first is a unique Collins-Allen 5 Pound Specimen Colour Trial of the 'no mosaic' type. This note is so rare it has not even been listed before anywhere nor been in public auction, and was previously sold privately for \$495,000! Estimated at a more reasonable \$70,000, this beautiful and interesting key banknote highlight is sure to be highly contested.

The second trial banknote rarity in this sale is another truly rare example, an unsued type from a denomination that was never actually produced. This highly important Specimen 5 Shillings Cerutti-Collins is originally from the estate of Cerutti and is one of only five such examples known in private hands. Estimated at \$50,000, this very rarely offered note is sure to find a home, with numerous collectors wanting to obtain a complete set of notes of this era.

Other coins of note include a Specimen 1934/35 Centenary Florin with full nipple, the highest graded and finest known of a very rare Penny type - a 1920 Dot above bottom scroll English Obverse in AU 58. Two attractive 1852 Type II Adelaide Pounds also feature, along with a restrike electrotpe Adelaide 5 Pound, two Kookaburra Pennies; a Type 7 and Type 12, an aU/Unc 1923 Halfpenny and a number of rare early Proof issues, including a 1951 proof set of four. There is also a strong selection of graded and raw Pre Decimal coinage, with many key dates in high grade including a 1933 Shilling, 1911, 1915, 1915H, 1919 and 1933 Florins, along with many hundreds of other dates in various grades. Another fantastic selection of gold includes some rare issues such as an inverted A 1880S Sovereign and some high grade PCGS examples.

Banknotes of note include two rare Superscribed notes along with a number of Pre Federation Specimens, Pre Decimal including large denomination issues of 10 Pounds 1913, 1918, a 20 Pound 1919 and 50 Pound 1920, all well priced collectable examples. Three Pre Decimal Specimens are another highlight with one being a unique 10 Pound 1949 from the Estate of Nugget Coombs, along with a very rare 1 Pound Starnote Armitage-McFarlane in Unc being another key highlight not to be missed.

An exhaustive selection of Decimal Banknotes features eleven Specimen issues, along with a massive selection of First and Last Prefixes, general decimal issues and Star-notes, special serials, misprints, NPA and much more, along with an amazing selection of major error coins, some quality British including a lovely Cromwell Crown, Ancients including a nice Domition gold Aureus, World coins featuring a unique 1937 Fiji Specimen Sixpence struck for a princess, and World notes highlighted by several rare Specimen issues of Hong Kong. Part three of an old estate again features, along with RAM and Perth products, modern bullion issues, RAM Rolls, along with Decimal coinage including a unique 1966 Proof of Record Specimen set and so much more!

We hope that everyone enjoys the fantastic selection in Signature Sale 98.

Happy Collecting to all!

1699 London Mint 1966 Proof-of-Record/specimen set of 4; 2 Cent, 5 Cent, 10 Cent and 20 Cent. Struck with the London Obverse (one eyelash) and sharp square rims with specimen/proof-like strikes, with all but the 2 cent with slight die-rotation, pointing to a hand struck batch. These coins appear struck as Proof of Record pieces (no records exists to show this) as typically done before mass production, proof and specimen coins were struck for archival purposes, distribution to other mints, VIPs or public institutions in the tiniest of numbers and rarely if ever reached the hands of collectors. The original work on the 1966 dies for the new Australian coinage was done in London, with test pieces minted and some sent to Canberra, with business strike 5, 10 and 20 Cent coins minted at the Royal Mint, London. The 2 Cent in particular is unique as there was no production of 2 Cent coins in London, all the business strike 2 Cents have the Australian (two eyelash) Obverse. Ex The Burman Collection. Unique as a set. *SPECIMEN*

Terms And Conditions of Sale

Please read the following "Terms of Sale" carefully. These terms are applicable to all floor, postal and online bidders in this auction. Submission of bids in this Auction constitutes your full acceptance of these "Terms of Sale".

1. All Bids expressed either via Online or live in the saleroom shall remain valid until the fall of the gavel or auctioneer's call of "Sold". All sales are then final. Any bid(s) from any source as acknowledged and relied on by the auctioneer shall not be withdrawn. Bidding in this auction in any way confirms that the bidder personally guarantees all payments, and acknowledges and accepts the Terms and Conditions of sale as set out herein. The auctioneer has final discretion in all such matters. In case of a dispute, the lot(s) in question may be immediately resold. The auctioneer as represented here includes International Auction Galleries as an entity.

2. Auction payments must be made in full within 14 days of the sale date. No lots will be released until payment in full has been made. Payment may be made in Cash, by Personal Cheques (with proper identification, at the discretion of International Auction Galleries) by Bank Transfer or Major Credit Cards as stipulated. Successful Online/Postal bidders will be notified and issued an auction account. All such accounts must be fully finalised within 14 days of the sale date.

3. A 22% buyer's premium will be added to the knock down price of each lot (includes GST where applicable). Payment by Visa and Mastercard is welcome with no surcharge. **We do not accept AMEX.**

4. Unless otherwise specifically stated by the auctioneer, each new bid shall be raised above the previous bid by such amount as is determined by the auctioneer during the course of the auction, and no party shall be allowed to retract his or her bid after acknowledgment by the auctioneer.

5. The auctioneer reserves the right(s) to refuse any bid, withdraw any goods from sale at any time, or disclose reserves or vendor information without having to state any reason.

6. At the fall of the hammer, (if required by the Auctioneer), the purchaser shall give his or her full name and address, and pay 25% of the purchase price deposit. In default, the lot(s) purchased may, at the auctioneer's discretion, immediately be reoffered and resold. All lots sold will remain the property of the owner/vendor until cleared payment is made in full. Only then will the title of ownership of the lots pass to the purchaser, irrespective of any terms or deferment of payment. Payment on approved dealer/trade accounts must be cleared and finalised within 28 days of sale.

7. Except as otherwise provided by state or federal law, no condition or warranty is given or implied by the auctioneer in respect of any lot offered for sale via auction. As all lots are given for inspection prior to the commencement of the sale, it shall be presumed that the goods have been inspected and that the purchaser accepts the goods are sold with all faults, and all lots are sold as is, on the basis of Caveat Emptor. No error or mis-description of any lot shall give cause for an invalidation of sale or an abatement of price, and the auctioneer shall not be held responsible for any such error, despite all care being taken. All lots are inspected and offered in good faith to the best of our determination to be genuine as described (except where so noted), however no guarantee is undertaken with respect to refunds on this basis.

8. The auctioneer shall not be liable for any description or mis-description given on any of the goods presented here for sale in any way. Any statement as to the description of goods is given as a statement of opinion only as represented to the auctioneer, and is not to be relied on as a representation of fact. Whilst every effort is made, the auctioneer gives no warranty that the quantities or any grading given with respect to the description of any lot as stated is correct. All images used are given as a guide only, and are not guaranteed to be an accurate representation.

9. No lots purchased by a bidder may be returned, including those lots where the bidder is acting as agent for another. There are no returns or refunds except for reason of lack of authenticity (as is stated in clause 7 and 8 above detailing liability). It

is assumed that all intending bidders (including all postal and internet bidders) have obtained their own satisfaction and/or done due diligence on all lots before submitting any bids in any manner, and all bids thusly submitted are subject to the full terms and conditions of sale. Items purchased and submitted to third party grading immediately voids any and all further rights of return. The auctioneer accepts no responsibility for any mistakes in any postal or phone bidding conducted. Late remittance of payments constitutes just cause for revocation of all return privileges. In the event that a bidder is acting as an agent for another party, and that agency has not been disclosed to the auctioneer in writing 24 hours before the sale date, then the bidder is deemed by the auctioneer to be the final buyer in all respects, and is fully responsible for all payments, fees and charges. **In no event may any lot(s) be returned after Twenty One (21) days from the date of the auction. All sales are then final.**

10. If any purchaser fails to comply with any of conditions of sale as outlined here or if any monies paid in any way given on settlement of account for any goods is dishonoured or unfulfilled, then any monies which the purchaser has paid to the auctioneer on account of the purchase shall then be forfeited absolutely to the vendor. The auctioneer acting as agent for the vendor is at liberty to re-sell the lot(s) in any manner and upon such terms and conditions as they may deem proper and/or to then sue the purchaser for any loss or resulting damages as set out below. Damages include all losses and expenses incurred by the vendor or the auctioneer as well as all damages which the vendor or the auctioneer may sustain resulting from any re-sale, storage, debt recovery, legal fees and/or court costs which shall then be recovered from the purchaser as liquidated damages. The auctioneer (acting on behalf of the vendor) in the event of such resale is also entitled to the expenses as set out below:

a) The total amount of any and all commissions and/or buyers premiums applicable or any other fees and commissions lost as a result of the purchaser defaulting on the purchase.

b) The full cost of advertising and all other expenses related to re-sale as deemed necessary, including recovery and legal fees, court costs, interest, storage costs and insurance charges.

c) Any differential in price from the initial sale price to the price achieved in re sale of the item(s).

11. A service charge of 2% compound per month (or part thereof) will be added to overdue accounts (28 days after the date of Auction is the overdue period for all unpaid accounts). In any event the title of any lots sold will not pass to the purchaser until the full amount of the purchasers auction account has been fully paid and remitted to the vendor, including any other service charges, storage or any other fees resulting from any late payments.

12. Estimates are given as a guide, and not given as starting points for bidding: Lots may sell for a price greater or less than these estimates. All prices are in Australian Dollars.

13. Postage and Insurance: If a purchaser declines to pay the mandatory insurance charge applied to their account for cover during shipping/postage then they shall assume all responsibility for that item(s). Any possible loss or damage to that item(s) shall then be the purchaser's responsibility.

14. By accepting these Terms and Conditions and making any bid, the bidder guarantees that they have the funds or ability to pay for any and all items bid on (including any buyer's premiums, insurance and postage as required) within the stipulated timeframe as set out above and as part of the Auction Terms and Conditions.

15. All images, text and information supplied in this catalogue remain the property of International Auction Galleries, and may not be used or transmitted in any way without prior written permission. Note - Images may not be shown to scale.
