# Welcome To IAGs Signature Sale 99

Welcome to the first IAG auction for 2024! Signature Sale 99 is our biggest ever auction with 2,280 lots and I think it certainly ranks right up there as one of our most interesting and bargain packed sales ever, with a vast selection of covetable and high quality items on offer.

Firstly, let me thank the 110+ vendors in Sale 99 for providing us with this fantastic selection of material, we were literally flooded with items at one stage with dozens of large boxes piled high waiting to be entered! We are privileged to be able to offer such a high quality selection of material right across the board, that has helped to make this a really solid offering that will have something for collector and every budget.

Secondly, apologies to all of the vendors that contacted us either too late or when we already had sections full of the same or similar items. We try to accommodate everyone where we can, but sometimes it just isn't possible, and we will look to help you out with the next two upcoming sales. We generally close off our Signature Sales at least 8 weeks before the sale date to enable us to get everything finalised and the catalogue to print in time to be posted, but sometimes demand means it can be well before that, so if you are looking to consign, please don't wait and leave it or it may be too late.

The Christmas break has meant that there hasn't been much activity in the Numismatic market so far this year, however there also hasn't been much new material on offer, so I'd expect that demand for all things numismatic will still be solid. There is no doubt that demand is still outstripping supply, especially for rare and higher grade items where the continual stream of material that has been coming to light over the last 10-12 years has now tapered off to the extent that in some areas it has virtually disappeared. We are also still seeing a healthy number of new buyers coming into the market, with between 50-100 new member registrations on our website a month alone!

Our next auction will be Online Sale 21, at this stage slated for early June. This is sure to be another bargain packed two day sale, with over 800 lots already entered. This will be followed by our 100th Signature Sale in September, which will be a feature event not to be missed! We have some fantastic material already lined up for Signature Sale 100, so if you are considering consigning to this landmark sale, please don't wait to contact us to ensure you don't miss out. Sale 100 really will be special, so keep an eye out for further details as they come to hand.

This auction really does present a great buying opportunity, especially with such a wide selection of fresh to market material all keenly priced to sell. Enjoy the sale, and we look forward to seeing you all again later in the year for our spectacular 100th Signature Sale!

## Some Sale 99 Auction Highlights and more...

This auction features three really key coin highlights that couldn't be more different, but that are both rare and exciting in their own ways! First of these highlights is a 1920 Square Kookaburra Halfpenny graded MS 65, the highest graded example and possibly the finest such example known. The next highlight on offer is a superior grade 1930 Penny - this example having six clear pearls and most of the centre diamond on the band, making it a higher grade example that would likely place it amongst the top fifteen coins known. Rounding out the trifecta of key highlights is an attractive NSW Dump from 1813 in aVF/VF condition. A couple of other key coins to note include a rare Type 7 Square Kookaburra Penny along with a Specimen 1934-35 Melbourne Centenary with a prominent nipple clearly evident.

More than four hundred Pre Decimal coins are up for offer in this sale, with everything from low grade to rare Proof issues and pretty much everything in between, including hundreds of PCGS graded coins. Some key Proof highlights are a Proof 1934 Halfpenny and Penny, 1935, 1948Y and 1950Y Proof Halfpennies along with a Proof 1934 Shilling and a Proof-like 1925 Florin. Among these are an affordably priced 1930 Penny in gFine and a rare 1920 dot above English Obverse Penny in AU 53, along with two higher grade 1923 Halfpennies in aU/Unc. Some other high grade and rare date issues include an Unc 1933 Shilling and Choice grade Florins including 1910, 1911, 1912, 1014H, 1915, 1919, 1921, 1922, 1924 and 1933 just to mention a few.

Banknote highlights feature five rare Superscribed issues, three Pre Decimal Specimens including a unique 10 Pound 1949 Coombs-Watt Specimen, along with a number of rare Pre Federation Specimen and issued notes and Pre Decimal in high grade such as a 10 Shilling 1913 (R 1c) with red serials, a pair of 1933 10 Shillings (R 9) as well as seven high grade issued George V gold bearing 10 Pounds. Ten Decimal Specimen notes

include a polymer 1988 10 Dollar and a pair of 1984 100 Dollars in their original NPA presentation folder, along with thirty-nine Pre Decimal and Decimal Starnotes, a large selection of First and Last Prefixes, test notes, misprints and numerous other Decimal issues.

Other offerings to note include some nice GB coinage including a popular 1847 Gothic Crown, a Proof 1911 Sovereign and an 1893 gold Five Pound, along with a number of Maundy and presentation sets, many still in their original cases. World notes include some rare New Zealand Specimen issues, whilst World coins feature a German New Guinea Five Mark in Unc, two nice pieces of Swedish plate money, some early Cob pieces, Keeling-Cocos Island sets and more.

Major error coins include the key decimal error - a scalloped 20 Cent struck on a Hong Kong blank. Estimated at a very reasonable \$8,000, this sought after issue is sure to be hot property. Other significant errors include two Fifty Cents both struck on Twenty Cent planchets, along with popular 2000 Mule One Dollars, including a high grade one in MS 61.

A large quantity of gold comprises everything from Adelaide Pounds, key date Half Sovereigns and Sovereigns (including an AU 50 1855 Sydney Mint), gold sets headlined by a Royal Ladies set through to some rare gold Medals and Medallions, including an 1878 Paris Exhibition gold medal. There are many other items to discover including a collection of Tradesman Tokens, along with the usual large selection of Ram and Perth Mint Products, NPA and so much more!

We hope that everyone enjoys the fantastic selection in Signature Sale 99.

The Mint was closed from early summer until the following spring. On re-opening, production was resumed but at a very slow rate due to scarcity of silver. # Terms And Conditions of Sale

*Please read the following "Terms of Sale" carefully. These terms are applicable to all floor, postal and online bidders in this auction. Submission of bids in this Auction constitutes your full acceptance of these "Terms of Sale".*

**1.** All Bids expressed either via Online or live in the saleroom shall remain valid until the fall of the gavel or auctioneer's call of "Sold". All sales are then final. Any bid(s) from any source as acknowledged and relied on by the auctioneer shall not be withdrawn. Bidding in this auction in any way confirms that the bidder personally guarantees all payments, and acknowledges and accepts the Terms and Conditions of sale as set out herein. The auctioneer has final discretion in all such matters. In case of a dispute, the lot(s) in question may be immediately resold. The auctioneer as represented here includes International Auction Galleries as an entity.

**2.** Auction payments must be made in full within 14 days of the sale date. No lots will be released until payment in full has been made. Payment may be made in Cash, by Personal Cheques (with proper identification, at the discretion of International Auction Galleries) by Bank Transfer or Major Credit Cards as stipulated. Successful Online/Postal bidders will be notified and issued an auction account. All such accounts must be fully finalised within 14 days of the sale date.

**3.** A 22% buyer's premium will be added to the knock down price of each lot (includes GST where applicable). Payment by Visa and Mastercard is welcome with no surcharge. **We do not accept AMEX.**

**4.** Unless otherwise specifically stated by the auctioneer, each new bid shall be raised above the previous bid by such amount as is determined by the auctioneer during the course of the auction, and no party shall be allowed to retract his or her bid after acknowledgment by the auctioneer.

**5.** The auctioneer reserves the right(s) to refuse any bid, withdraw any goods from sale at any time, or disclose reserves or vendor information without having to state any reason.

**6.** At the fall of the hammer, (if required by the Auctioneer), the purchaser shall give his or her full name and address, and pay 25% of the purchase price deposit. In default, the lot(s) purchased may, at the auctioneer's discretion, immediately be reoffered and resold. All lots sold will remain the property of the owner/vendor until cleared payment is made in full. Only then will the title of ownership of the lots pass to the purchaser, irrespective of any terms or deferment of payment. Payment on approved dealer/trade accounts must be cleared and finalised within 28 days of sale.

**7.** Except as otherwise provided by state or federal law, no condition or warranty is given or implied by the auctioneer in respect of any lot offered for sale via auction. As all lots are given for inspection prior to the commencement of the sale, it shall be presumed that the goods have been inspected and that the purchaser accepts the goods are sold with all faults, and all lots are sold as is, on the basis of Caveat Emptor. No error or mis-description of any lot shall give cause for an invalidation of sale or an abatement of price, and the auctioneer shall not be held responsible for any such error, despite all care being taken. All lots are inspected and offered in good faith to the best of our determination to be genuine as described (except where so noted), however no guarantee is undertaken with respect to refunds on this basis.

**8.** The auctioneer shall not be liable for any description or mis-description given on any of the goods presented here for sale in any way. Any statement as to the description of goods is given as a statement of opinion only as represented to the auctioneer, and is not to be relied on as a representation of fact. Whilst every effort is made, the auctioneer gives no warranty that the quantities or any grading given with respect to the description of any lot as stated is correct. All images used are given as a guide only, and are not guaranteed to be an accurate representation.

**9.** No lots purchased by a bidder may be returned, including those lots where the bidder is acting as agent for another. There are no returns or refunds except for reason of lack of authenticity (as is stated in clause 7 and 8 above detailing liability). It

is assumed that all intending bidders (including all postal and internet bidders) have obtained their own satisfaction and/or done due diligence on all lots before submitting any bids in any manner, and all bids thusly submitted are subject to the full terms and conditions of sale. Items purchased and submitted to third party grading immediately voids any and all further rights of return. The auctioneer accepts no responsibility for any mistakes in any postal or phone bidding conducted. Late remittance of payments constitutes just cause for revocation of all return privileges. In the event that a bidder is acting as an agent for another party, and that agency has not been disclosed to the auctioneer in writing 24 hours before the sale date, then the bidder is deemed by the auctioneer to be the final buyer in all respects, and is fully responsible for all payments, fees and charges. **In no event may any lot(s) be returned after Twenty One (21) days from the date of the auction. All sales are then final.**

**10.** If any purchaser fails to comply with any of conditions of sale as outlined here or if any monies paid in any way given on settlement of account for any goods is dishonoured or unfulfilled, then any monies which the purchaser has paid to the auctioneer on account of the purchase shall then be forfeited absolutely to the vendor. The auctioneer acting as agent for the vendor is at liberty to re-sell the lot(s) in any manner and upon such terms and conditions as they may deem proper and/or to then sue the purchaser for any loss or resulting damages as set out below. Damages include all losses and expenses incurred by the vendor or the auctioneer as well as all damages which the vendor or the auctioneer may sustain resulting from any re-sale, storage, debt recovery, legal fees and/or court costs which shall then be recovered from the purchaser as liquidated damages. The auctioneer (acting on behalf of the vendor) in the event of such resale is also entitled to the expenses as set out below:

**a)** The total amount of any and all commissions and/or buyers premiums applicable or any other fees and commissions lost as a result of the purchaser defaulting on the purchase.

**b)** The full cost of advertising and all other expenses related to re-sale as deemed necessary, including recovery and legal fees, court costs, interest, storage costs and insurance charges.

**c)** Any differential in price from the initial sale price to the price achieved in re sale of the item(s).

**11. A service charge of 2% compound per month (or part thereof) will be added to overdue accounts (28 days after the date of Auction is the overdue period for all unpaid accounts).** In any event the title of any lots sold will not pass to the purchaser until the full amount of the purchasers auction account has been fully paid and remitted to the vendor, including any other service charges, storage or any other fees resulting from any late payments.
